Reporting / Benchmarking

This performance dashboard provides a quarter-by-quarter progress update toward achieving the performance measures included in the annual budget book. The development of a quarterly performance report helps achieve a key objective in the organization strategic plan to "evaluate performance and make adjustments as needed throughout the fiscal year." This is a work-in-progress and we would appreciate your feedback.

For more information about this report, contact Megan Lynn, management assistant to the city manager, at MLynn@ScottsdaleAZ.gov or 480-312-2854.

Daily User Sessions on ScottsdaleAZ.gov

A user session occurs each time an individual user accesses the city's website on a device. A user session doesn't count clicks or time spent on pages. If the user is idle for more than 30 minutes, the session is timed out. Please note as this a new measure, target data for prior year does not exist and so the target will just be reported as the actuals amount.

Valley Benchmark Cities

Officer initiated and citizen initiated calls provides some insight into the ability for certain cities to take a more proactive policing approach rather than a reactive response approach as seen in increasing ratios of officer initiated citizen initiated calls. Staffing levels, deployment practices, and community policing efforts likely have an impact on the individual cities results.

This is what \$120 looks like.

If you don't submit your Health Risk Assessment by Aug. 15, **you'll miss out on \$120.**

That's the incentive each employee receives for completing it. If you have a spouse or partner on the city's health plan, you earn another \$120 if they do it, too.
