Taxes - Local (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$5.3 million or 5%:
 The favorable variance is primarily due to Sales Tax and the continued unpredictability of the timing in collection by the Arizona Department of Revenue as there was an additional week of revenue collected in April. There is limited data to consider when spreading the budget. It will be some time before enough data is obtained to build any reliable spread for the "new normal." More detailed Sales Tax information can be found on page 5. Electric & Gas Franchise is favorable due to APS' quarterly franchise payment being higher than expected. The unfavorable variance in Cable TV License Fee is due to the timing of Cox Digital Cable's quarterly franchise fee payment.

Sales Tax (Fiscal Year to Date: April 2018)

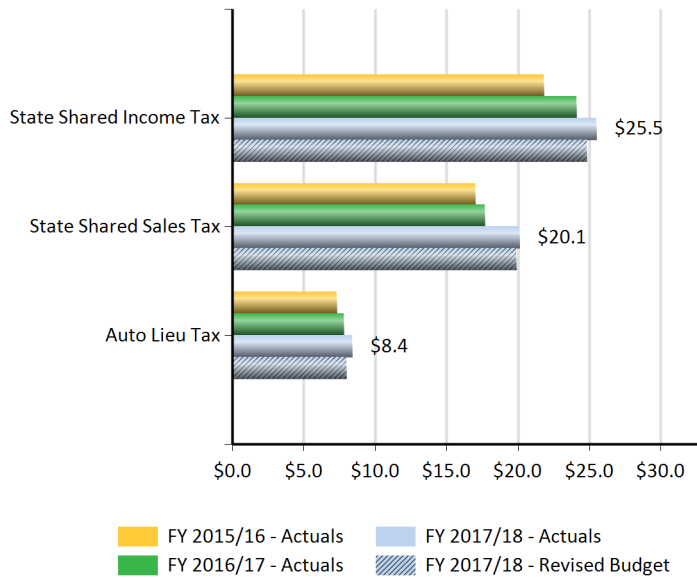

Actual to Revised Budget variance of \$5.1 million or 6%:
 The favorable variance is primarily due to the continued unpredictability of the timing in collection by the Arizona Department of Revenue as there was an additional week of revenue collected in April. There is limited data to consider when spreading the budget. It will be some time before enough data is obtained to build any reliable spread for the "new normal." Additionally, the favorable variance in Misc Retail Stores is due to higher than anticipated online shopping sales. Rental is favorable due to increases in residential real estate property rentals and personal property rentals. Automotive is favorable due to several car dealers remaining in the city longer than originally anticipated prior to their move to the Scottsdale Autoshop at Salt River. Construction is unfavorable due to delinquent reporting on construction projects. Major Department Stores is favorable due to better than expected holiday and after holiday sales. Food Stores is favorable due to normal business fluctuations. Finally, Utilities is unfavorable due to normal business fluctuations.

State Shared Revenues (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$1.2 million or 2%: Favorable variance primarily due to State Shared Income Tax and State Shared Sales Tax revenue coming in higher than the anticipated budget determined by the Arizona League of Cities and Towns. It is also due to higher than forecasted sales of new and used vehicles in April resulting in these purchases being licensed, which is reflected in the favorable Auto Lieu Tax variance.

	FY 2015/16 Actuals	FY 2016/17 Actuals	FY 2017/18 Actuals	FY 2017/18 Revised Budget	Actual vs. Budget Favorable / (Unfavorable) Amount	Percent

Property Tax (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$0.3 million or 1%: The favorable variance is due to the budget spread, which is based on the way people paid last year and may vary year over year. Property owners have the option to pay in one or two installments (October or October & April/May).

	FY 2015/16 Actuals	FY 2016/17 Actuals	FY 2017/18 Actuals	FY 2017/18 Revised Budget	Actual vs. Budget Favorable / (Unfavorable) Amount	Percent

Building Permit Fees & Charges (Fiscal Year to Date: April 2018)

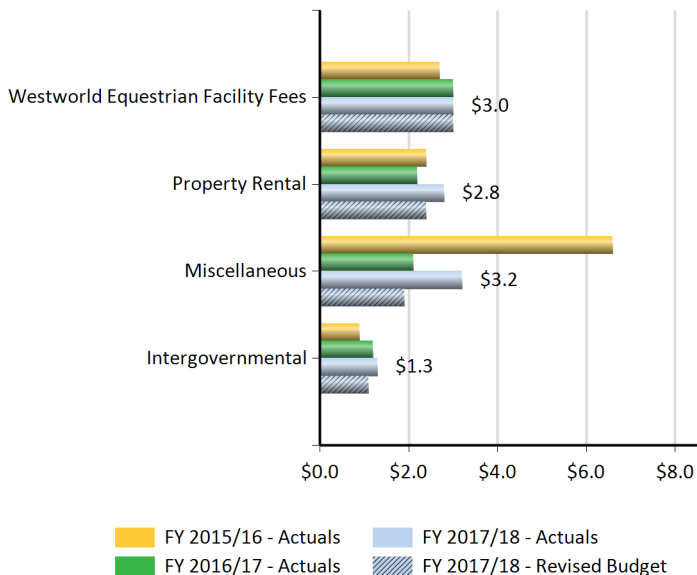

Actual to Revised Budget variance of \$0.7 million or 6%:
Favorable variance is due to budget spread. Revenue is ultimately expected to come in under budget due to revised forecast assumptions.

	FY 2015/16 Actuals	FY 2016/17 Actuals	FY 2017/18 Actuals	FY 2017/18 Revised Budget	Actual vs. Budget Favorable / (Unfavorable) Amount	Percent

Charges for Service/Other (Fiscal Year to Date: April 2018)

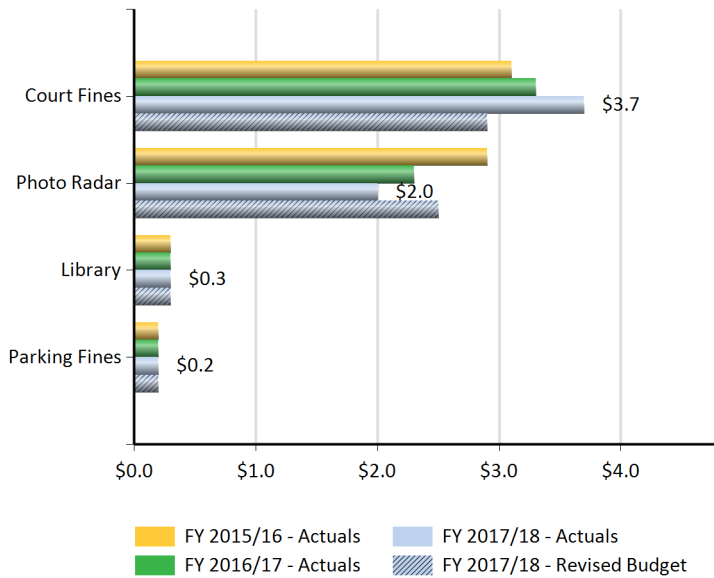

Actual to Revised Budget variance of \$1.8 million or 22%:
The favorable variance in Property Rental is due to Cell Tower Lease payments being received sooner than anticipated and the timing of the rental payment by the Tournament Players Club. The favorable variance in Miscellaneous is due to unbudgeted payments made by citizens to support a newly created Utility Improvement District set up to make underground utility improvements along Raintree Drive, reimbursements received for assisting with fires around the state, and revenue from the Mobile Integrated Health Program which was unbudgeted in FY 2017/18. Intergovernmental is favorable due to the timing of payments for the School Resource Officer Program. The FY 2015/16 actuals include one-time Miscellaneous revenue from the sale of the HR and graphics buildings.

	FY 2015/16 Actuals	FY 2016/17 Actuals	FY 2017/18 Actuals	FY 2017/18 Revised Budget	Actual vs. Budget Favorable / (Unfavorable) Amount	Percent

Fines Fees & Forfeitures (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$0.5 million or 8%: Favorable variance in Court Fines is primarily due to a higher than anticipated number of civil and criminal case filings. Additionally, the court is receiving more payments to satisfy defaults as a result of the Compliance Assistance Program. Photo Radar is unfavorable due to photo radar cameras being turned off while a new contract was negotiated, which resulted in a decline in revenue. Parking Fines is favorable due to an increase in parking violation filings associated with the filling of a vacant Parking Officer position by Public Safety - Police earlier this calendar year, having both Parking Officer vehicles back from being repaired, and due to an uptick in visitors to Scottsdale over the late winter and spring.

License Permits & Fees (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$1.4 million or 25%:
 Fire Charges For Services is favorable due to Public Safety - Fire's Paramedic in Training (PMT) contract extension with Advanced Life Support (ALS), which resulted in 100% recovery of revenue for ALS calls. It is unclear if this favorable variance will carry until year-end as charges are currently under dispute.

Interest Earnings (Fiscal Year to Date: April 2018)

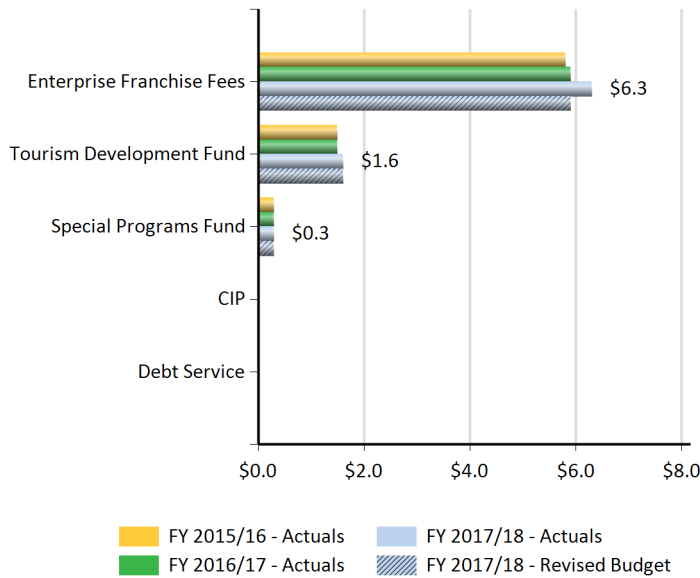

Actual to Revised Budget variance of \$0.6 million or 43%:
 Favorable variance is based on a higher return on investment than expected due to strong market conditions as well as shifting a larger portion of the city's investment funds to the city's Asset Management consultant.

	FY 2015/16 Actuals	FY 2016/17 Actuals	FY 2017/18 Actuals	FY 2017/18 Revised Budget	Actual vs. Budget Favorable / (Unfavorable) Amount	Percent

Transfers In (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$0.4 million or 5%: Favorable variance is the result of higher Enterprise Franchise Fees due to more revenue collected in the Water & Water Reclamation Fund than anticipated, which consequently affects the transfers into the General Fund. The increase is a result of greater water deliveries compared to the three year running average.

Personnel Services (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$0.5 million or 0%: Salaries has a favorable variance mostly due to Part-Time Wages for vacant positions, a change in shift pay policies, and to employees being promoted/retiring with new employees coming in at a lower salary. Additionally, when comparing to prior fiscal years' actuals, salaries are lower because there was an extra pay period through April in FY 2015/16 and FY 2016/17. The unfavorable variance in Retirement is mostly due to an unbudgeted interest payment of \$1.0 million associated with the Parker case coming due in December. Overall, \$8.7 million of the difference in Retirement between FY 2016/17 and FY 2017/18, is due to the Parker case settlement and associated interest, which resulted in refunding prior year retirement contributions for public safety sworn staff hired before January 1, 2012 and elected officials. Additionally, \$3.4 million of the difference is related to the city taking on a greater percentage of the Public Safety monthly retirement payments. Health/Dental is favorable due to differences between how plans were budgeted and how they were actually chosen by employees through the fiscal year. Overtime has an unfavorable variance primarily due to a shortfall in Public Safety - Fire constant staffing where a total of 17 firefighters are on leave, including 12 firefighters on worker's compensation for injuries and five on off-duty injuries. Additionally, Public Safety – Police is contributing to the unfavorable variance due to major cases requiring extensive overtime during April. Contract Workers is unfavorable due to the unbudgeted use of an outside contractor to serve as Interim Library Director until a permanent replacement can be found.

Total Saved/(Used) YTD of (\$10.1) million: The city has achieved \$4.3 million in vacancy savings year-to-date offset by (\$1.1) million in vacation and medical leave payouts. In July, the Citywide Pay for Performance Program was funded and implemented initiating the use of ongoing dollars for compensation increases. These increases include a 5 percent step program for Firefighters, Fire Engineers and Fire Captains; a 5 percent step program for Police Sergeants; a 5 percent step program for Police Officers and a 3 percent pay program based on performance for all other city employees. Additionally, the Parker Case has settled for a payout of \$8.7 million in retirement funds and interest to sworn employees and elected officials.

\$ in millions / rounding differences may occur

Contractual Services (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$1.9 million or 4%: Professional Services is favorable mainly due to the timing of invoices. In addition, invoices from the Photo Enforcement Contract have been coming in less than budgeted due to a number of photo enforcement cameras being turned off while a new contract was negotiated, resulting in fewer citations issued. Banking Services, contract and process server costs are also coming in lower than forecasted. Finally, Professional Services is favorable due to lower participation in Adult Sports and Leisure Ed programs and classes. As a result, fewer instructors were needed than expected. The favorable variance is partially offset by the inadvertent reduction of the advertising budget in Westworld and higher than expected custodial costs. Maintenance and Repair is favorable mainly due to the timing of invoices and because of lower than expected project costs. Some maintenance projects are coming in under budget, while others are falling behind schedule. In addition, Software Maintenance and Licensing costs are lower than expected due to the delay in roll out of the MUNIS system. This is partially offset by Public Safety - Police paying software costs for the entire year instead of quarterly. Transportation Services is favorable mainly due to lower fleet maintenance costs in Community Services and WestWorld than anticipated. Communications is favorable mainly due to the delay in the implementation of Century Link lines for the data resiliency program. Miscellaneous Services and Charges is unfavorable mainly due to expenses associated with the newly created Utility Improvement District set up to make underground utility improvements along Raintree Drive. Printing Duplication and Filming is favorable because of small favorable variances across many divisions. Finally, Travel Training and Conferences is favorable mainly due to fewer conferences and trainings being attended than expected up to this point in the fiscal year.

Commodities (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of \$0.9 million or 14%: Operating Supplies is favorable mainly due to a delay in purchasing recreation amenities in Community Services, a lower than anticipated need for personal protective equipment in Public Safety - Fire and for ammunition and weapons in Public Safety – Police, and furniture, operating supplies and other equipment costs coming in lower than expected in several divisions. Maintenance and Repair Supplies is favorable due to a lower need to purchase building and repair supplies than expected in Public Safety - Fire and Community Services. This is partially offset by the unexpected need in Public Works for materials related to plumbing and lighting repairs and a hot water tank replacement at Granite Reef Senior Center. Purchased for Resale is favorable because of WestWorld purchasing less hay and bedding material for resale due to smaller equestrian events held than expected.

Capital Outlays (Fiscal Year to Date: April 2018)

Actual to Revised Budget variance of (\$0.3) million or nm: The unfavorable variance in Buildings and Improvements is primarily due to the purchase of Fire Alarm & Panel replacements for One Civic Center and Civic Center Library, roof recoating and unexpected costs related to Chaparral Dog Park. The unfavorable variance in Machinery and Equipment is mostly due to the unplanned purchases of playground equipment in Community Services, computer equipment in Community & Economic Development, reconstruction costs to the Fire training burn room, and the purchase of drones and a thermal camera in Public Safety - Fire.

Actual to Revised Budget variance of \$3.0 million or 1%: Mayor & Council and Charter Officers is favorable mainly due to City Treasurer banking services and software maintenance and licensing costs being less than anticipated, City Attorney vacant positions savings, lower than expected litigation expenses, and the timing of invoices in City Manager. Administrative Services is favorable due to lower paid hires replacing experienced employees being promoted or retiring, the timing of invoices, lower than expected postage & shipping and equipment maintenance costs, and savings in the data center resiliency project. Community and Economic Development is favorable due to the timing of invoices and expenses. The favorable variance is partially offset by an inadvertent reduction of the advertising budget in WestWorld and the unanticipated need to purchase computer equipment in Planning and Development. Community Services is favorable mainly due to part-time salary savings, the use of an unbudgeted contractor to serve as Interim Library Director, lower than expected participation in sports and leisure classes, maintenance projects falling behind schedule, invoice timing, and the delay in purchasing recreational amenities and maintenance equipment. Public Safety - Fire is unfavorable due to higher overtime costs related to a shortfall in constant staffing due to 17 firefighters on leave, the costs associated with payment of the Parker case interest, the unbudgeted purchase of a thermal camera and drones, and unexpected building repair costs. The unfavorable variance is partially offset due to a lower than expected need purchase of personal protective and other equipment. Public Safety - Police is favorable due to part-time salary savings, a change in shift pay policies and lower paid hires replacing experienced employees being promoted or retiring. It is also related to the timing of invoices, process server, jail contract and fuels costs being less than anticipated, lower than expected furniture and other equipment purchase needs, and the Photo Enforcement Contract coming in less than budgeted due to a number of photo enforcement cameras being turned off while a new contract was negotiated resulting in fewer citations issued. The favorable variance is partially offset by software maintenance costs being paid for the entire year instead of quarterly and from costs associated with payment of the Parker case interest. The unfavorable variance in Public Works is due primarily to expenses associated with the newly created Utility Improvement District set up to make underground utility improvements along Raintree Drive. It is also related to higher than expected custodial fees and unexpected remodel and replacement costs. This is partially offset by the timing of invoices, the postponement of the Facility Condition Assessment and projects coming in under budget.
