

You are a priority DAY AND NIGHT

We understand that accidents happen, kids get sick and health concerns can arise at all times of day or night. That's why Cigna has options for who to call and where to go to meet your health care needs – 24 hours a day, 7 days a week.

Choices for care

For emergency care

If you believe that the situation needs to be treated right away or it could result in loss of life or serious complications, it is likely an emergency.

Examples include:

- Uncontrolled bleeding
- Loss of consciousness
- Chest pain
- Shortness of breath
- Broken bones

In an emergency, go directly to the nearest emergency room or call 911. Then, for further assistance and directions on follow-up care, your PCP should be called as soon as reasonably possible.

For urgent care

Urgent care situations require prompt medical attention, but are not emergencies. Some examples include:

- Sprains and strains
- Ear or eye infections
- High fever
- Minor cuts and burns

For these, the ideal place to go is an urgent care facility. They're typically open earlier and/or later than your doctor's office, and you're likely to spend less time waiting.

Cigna Medical Group (CMG) has three Urgent Care Centers, listed below. All have extended office hours, including weekends and holidays. Each also has onsite lab and X-ray services, as well as a nursing staff that can administer IV therapies.

Cigna members can find urgent care services at the following facilities throughout Arizona:
