

Easy access to virtual counseling services.

Now you can connect with MDLIVE therapists through EAP.

Cigna HealthcareSM has increased your access to virtual counseling by adding **MDLIVE** to our Employee Assistance Program (EAP) provider network.* You and your household members can now select MDLIVE for **no-cost virtual counseling services** using available EAP session benefits.**

Best of all, you can schedule online with an MDLIVE therapist for an appointment within seven days. An EAP code is needed to begin, just like with any other EAP network counseling sessions, and we've made it easy to get started online.***
