% Change vs. Prior Year		1%	15%	12%		

**Actual to Revised Budget variance of \$0.1 million or 2%:**

The favorable variance is due to timing of receipts and should come in as expected at year end.

**Property Taxes**

**Actual to Revised Budget variance of \$0.0 million or 0%:**

No explanation is necessary.

**Franchise Fees and In-Lieu Taxes**

	Twelve Months: Fiscal Year

Total Charges for Services/Other	\$1.8	\$1.6	\$2.6	\$1.4	\$1.2	82%
% Change vs. Prior Year		-11%	65%	-9%		

**Actual to Revised Budget variance of \$1.2 million or 82%:**

The favorable variance in WestWorld is due to timing of receipts for facilities rentals and concession fees. The favorable variance in Photo Enforcement Revenue is due to the delayed filing of backlogged citations from April, May and June of 2014. The favorable variance in Property Rental is primarily attributed to the timing of the initial two payments for Phase 1 and 2 for SkySong with no budget in July. The favorable variance in Contributions/Donations is due to payments from Barrett-Jackson, Arabian Horse Association of Arizona and Arizona Quarter Horse Association as part of their commitment towards improvements made at the Tony Nelssen Equestrian Center. The favorable variance in Miscellaneous is primarily due to a receipt which was misapplied and will be adjusted in August.

### Building Permit Fees and Charges

**Actual to Revised Budget variance of \$1.1 million or nm%:**

The favorable variance is due to the activity levels in the various revenues falling under Building Permit Fees and Charges such as building permits, right-of-way fees, plan review fees, and engineering plan review fees for multi-family construction performing better than forecast.

### Interest Earnings

**Actual to Revised Budget variance of \$0.1 million or nm%:**

The favorable variance is a timing issue as the gains/losses are not recorded until year end.

### Indirect/Direct Cost Allocations

**Actual to Revised Budget variance of \$0.0 million or 0%:**

No explanation is necessary.

**Total Saved/(Used) YTD of (\$4.9) million:**

The City has achieved \$0.3 million in vacancy savings year-to-date offset by (\$0.5) million in vacation and medical leave payouts. In July the Citywide Pay Program was funded and implemented initiating the use of ongoing and one-time dollars for compensation.

**Contractual Services**

**Actual to Revised Budget variance of \$0.5 million or 9%:**

The favorable variance is attributable to invoice timing related to renewals for various software and subscriptions used at the city's libraries. Also the expected payment on the Resource Wireless Cooperative (RWC) communication agreement was not made due to not receiving invoices timely, and the invoice was not received for leased vehicles due to selecting a new vendor. There were various savings throughout divisions on other Professional Services and other smaller contracts due to July being the first month of the new fiscal year. Although the budget for these items is in the period where staff believed the payment would exist there have been delays in the timely receipt of these and other invoices.

**Actual to Revised Budget variance of \$2.2 million or 19%:**

The favorable variance for Water Service Charges is driven by the timing of the budget, as it was not spread to reflect seasonality and has been since updated and will be reflected as such for August. The favorable variance in Non-Potable Water Fees is due to an accrual accounting adjustment and will also be reflected appropriately in August.

**Actual to Revised Budget variance of \$0.2 million or 3%:**

The favorable variance in Personnel Services is driven by vacant positions with open recruitments. The favorable variance in Contractual is driven by the timing of payments for professional services, communication costs and delays in training. The unfavorable variance for Commodities is due to payment of the CAP water charges in July and is partially offset by lower than anticipated maintenance costs. The favorable variance in Transfers Out-CIP Fund is driven by delayed transfers. The unfavorable variance for Franchise Fees is driven by higher operating revenues.

**Actual to Revised Budget variance of (\$0.3) million or (12%):**

The unfavorable variance in Contractual Services is due to the cost of renewing the city's liability insurance policies. Premium increases are occurring industry wide across all lines of business impacting the rates various organizations will have to pay. This expenditure was budgeted prior to the insurance policy renewal process which resulted in an unforeseen increase in premiums and as a result this variance will carry forward during the fiscal year.

**Actual to Revised Budget variance of (\$0.3) million or (12%):**

The unfavorable variance in Other Revenue is related to various healthcare and prescription rebates the city receives. These are difficult to budget for as they are not received on a consistent basis and fluctuate between periods.

**Actual to Revised Budget variance of \$0.7 million or 31%:**

The favorable variance in Medical Claims, Dental Claims and Behavioral Health Claims is due to overall claim expenditures being less than budgeted for during the reporting period due to invoice timing. The favorable variance in Provider Admin Fees is due to experiencing lower than anticipated costs during the month of July.

## Glossary

To ensure legal compliance and financial management for the various restricted revenues and program expenditures, the city's accounting and budget structure is segregated into various funds. This approach is unique to the government sector. Fund accounting segregates functions and activities into separate self-balancing funds that are created and maintained for specific purposes.

A **fund** is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The city, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The General Fund is the city's chief operating fund and is used to account for all financial resources, except those that are legally required to be accounted for in another fund.

### GENERAL FUND SOURCES

**Sales Tax** - Scottsdale's total city sales tax rate is 1.65 percent. Of that amount, 0.55 percent is dedicated to the specific purposes related to transportation and preservation (which are accounted for in Special Revenue Funds) and 0.10 percent is dedicated to public safety (accounted for in the General Fund). The remaining 1.0 percent of the sales tax is also accounted for in the General Fund and is available to fund basic municipal services such as police, fire, libraries, and parks. Sales tax receipts received in the current month are based on prior month activity. This general-purpose sales tax is the city's single largest revenue source. The sales tax category results can be found in Appendix 1.

**State Shared Revenues** - These revenues are derived from state shared sales taxes, income taxes (revenue sharing), and vehicle license taxes (auto lieu). On a per capita basis, state sales taxes generated in Scottsdale tend to be higher than most other cities/towns due to higher wealth, consumer spending habits, and larger amounts of visitor/tourist spending. As directed by statute, the State distributes the shared portion of State sales taxes back to local governments based on population, not by the amount of sales taxes collected within the local jurisdiction.

**Charges for Services/Other** - Charges for Services include numerous revenues such as building permits, recreation fees, fire department fees, WestWorld fees, interest income, and property rentals. Also included are cost allocations from the General Fund to the enterprise funds.

**Property Taxes** - Property taxes are comprised only of the "Primary" property taxes levied on the assessed value of all property within the city to help pay for basic operations of the City. Secondary property taxes are not included in the General Fund as they must be used solely for General Obligation bond debt service payments. Increases in revenue from year to year reflect new property additions to the tax roll and Council actions to increase total revenue as legally allowed.

**Franchise Fees and In-Lieu Taxes** - This category represents revenues from utility and cable providers for their permitted use of the city's Rights-of-Way.

**Bed Taxes** - A transient lodging tax (bed tax) is applied to lodging room charges for stays of 29 days or less in hotels or short-term rentals. Effective July 1, 2010, the bed tax rate was increased from 3 percent to 5 percent, half of which must be spent on destination marketing and half of which is to be used for Capital, Events Development, Administration and other. A new fund was established for Tourism Development after the adoption of the FY 2012/13 budget to account for this revenue.

**Transfers In** - Transfers in reflects funds received from the Enterprise Funds (In-Lieu Franchise Fees and In-Lieu Property Tax) and Special Programs (30 Day Tow).

### GENERAL FUND USES

**Personnel Services** include the salaries and wages (pay for time worked, overtime premium, vacation, and sick leave) plus the city's contribution for fringe benefits such as retirement, social security, health, and workers' compensation insurance. It is reduced by vacancy savings, but increased for medical and vacation leave accrual payouts that are made at the time of separation from the city.

**Contractual Services** category includes expenditures for services performed by firms, individuals, or other city divisions.

**Commodities** includes supplies, repair and replacement parts, small tools, and maintenance and repairs.

## Glossary

**Capital outlays** include the purchase of land, the purchase or construction of buildings, structures, and facilities, plus machinery and equipment. It includes expenditures that result in the acquisition or addition of a fixed asset or increase the capacity, efficiency, span of life, or economy of operating an existing fixed asset. For an item to qualify as capital outlay the expenditure must meet all of the following requirements: (1) have an estimated useful life of more than two years; (2) have a unit cost of \$10,000 or more; and (3) be betterment or improvement.

**Debt Service & Contracts Payable** is primarily debt payments related to Municipal Property Corporation (MPC) bonds where the city's excise taxes are pledged to meet debt service. It also includes contractual obligations related to development agreements (funded by sales tax rebates) which vary based on the actual sales tax collections.

**Transfers-Out** represents the authorized transfer of cash to other funds, divisions, departments and/or capital projects.

## OTHER FUNDS

**Transportation Fund** is considered a Special Revenue Fund, which is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Transportation Fund receives and expends the city's allocation of the Arizona Highway User Revenue Tax (HURF) as well as other transportation related revenues. The amount of HURF available to each city is allocated based on population. These monies must be used for street construction, reconstruction, maintenance, or transit. The State of Arizona requires the city to establish and maintain an accounting for Highway User Revenue Funds. The fund also accounts for the 1989 voter approved Transportation Privilege (Sales) Tax of 0.20 percent which is dedicated to funding transportation improvements and operations. Fifty percent of the Transportation Sales Tax is transferred to the Capital Improvement Fund for transportation related capital improvement projects.

**Tourism Development Fund** is a Special Revenue Fund to account for the sources and uses related to tourism. Revenues consist of transient lodging tax (bed tax), lease rental earnings from the Fairmont-Princess Hotel and hospitality trolley sponsorships. Bed Tax is the largest portion of this fund and is derived from lodging room charges for stays of 29 days or less in hotels or short-term rentals.

**Enterprise Funds** are used to account for operations, which are financed and operated similarly to private businesses, where the intent is that the service is self-sufficient, with all costs including debt service supported predominantly by user charges. The city maintains three Enterprise Funds to account for Water & Water Reclamation, Aviation, and Solid Waste activities.

### Water & Water Reclamation Funds

This fund accounts for the transactions related to the city's water and water reclamation business activities, including operating revenue, expenditures and debt service payments.

- Water Service Rates are monthly water billings which consist of a base charge according to meter size and a variable charge for the amount of water consumed.
- Water Reclamation Service Rates are monthly charges based on the volume and strength of the sewage discharge.
- Non-Potable Water Rates includes the sale of surface water, reverse osmosis (RO) and effluent treated to irrigation standards. These different water types are delivered to 23 Reclaimed Water Distribution System (RWDS) golf courses, 3 Irrigation Water Distribution System (IWDS) golf courses, the Gainey Ranch Golf Club, the WestWorld golf course and the Inlet/Silverado golf course.
- Miscellaneous Revenue includes rental income, miscellaneous reimbursements and other minor fees.

### Aviation Fund

This fund accounts for the transactions related to the city's aviation business activity at the Scottsdale Airport.

- Aviation Rates are charges for a variety of services provided to airport customers including Landing Fees, Airport/Airpark Fuel Fees, Transient Parking Fees, Fixed Tenant Rents, Percentage Fees for Aeronautical Business Permits (ABPs), Custom Fees and miscellaneous other charges.
- Privilege and Use Tax-Jet Fuel are charges earned from jet fuel sales by Fixed Based Operators (FBOs) in accordance with the Scottsdale Revised Code, Article IV, Section 422.

## Glossary

### **Solid Waste Fund**

This fund accounts for the transactions related to the city's solid waste and recycling business activities.

- Solid Waste Rates include residential charges which are a flat fee per month and commercial charges which are based on the size of the container and the number of pickups per month. Additionally Solid Waste Rates include roll-off charges, uncontained service charges, recycling program charges, and household hazardous waste collection charges.

**Internal Service Funds** are used to account for the financing, on a cost-reimbursement basis, of commodities or services provided by one program for the benefit of other programs within the city. The report includes three Internal Service Funds to account for Fleet, Risk, and Benefits activities.

### **Fleet Fund**

This fund is used to account for the expenditures associated with purchasing and maintaining the city's vehicles. Replacement and operation of vehicles are charged to the city departments as internal operating costs to each program based on the quantity and type of vehicle used. The department charges become revenue to the Fleet Fund.

### **Risk Fund**

This fund is used to account for the city's self-insurance, safety and risk management functions. Revenue to this fund is derived from internal charges to division programs and is captured as internal rates. Payments for unemployment, workers' compensation, and property and liability claims are made from this fund

### **Benefits Self Insurance Fund**

This fund is used to account for the city's self-insured medical and dental benefits. Revenue to this fund is derived from premiums collected through charges to division programs, which consists of both city and employee components. Revenue is also collected through premium charges to retirees as well as pharmacy rebates and stop loss insurance recoveries. This fund provides payment of actual healthcare expenses (medical, prescription and dental claims) as well as claims administration and other benefit plan expenses.
