Notes:

On March 3, 1952, Council adopted Ordinance No. 10 allowing for the creation of an Electrical Advisory Board. Council appointed the first members at the same meeting.

The board is not mentioned again after the July 14, 1980 reappointments for three-year terms. It seems that the duties of this board were absorbed by the Building Advisory Board of Appeals, which was created on July 17, 1983.

Associated Boards: Building Advisory Board of Appeals, Board of Plumbing Examiners, Electrical Advisory Board
