

Alley to Curbside Conversion Timeline

Changes coming to your trash collection service

The City of Scottsdale is moving trash pick-up in your neighborhood from the alley behind your home to the curbside in front of your home starting January 2021. In order to provide superior service and keep solid waste rates low, the City is discontinuing alley trash collection from most Scottsdale homes and moving to curbside service.

Curbside trash collection will make alleys a cleaner, safer space, reduce the number of citizen complaints related to excessive garbage in the alleys, reduce damage, wear and tear to trash collection vehicles due to the conditions of the alleys, and help recover all disposal costs which will help to keep fees for solid waste services low.

If you have any questions, please contact us at 480-312-5600 or learn more by visiting ScottsdaleAZ.gov, search "Curbside Trash."
