

Financial Report
Fiscal Year-to-Date
As of February 2012

Report to the City Council

Prepared by City Treasurer – Finance and Accounting Division

March 22, 2012

FINANCIAL REPORT YEAR-TO-DATE FEBRUARY 2012

The following report is a summary of financial results for the City's General Fund (which is the primary operating fund of the City), the Transportation Fund, the major Enterprise Funds, the Fleet Fund and the Benefits Self-Insurance Fund. The report also includes detailed information on the City's privilege (sales) tax by major category.

Financial statements summarize sources and uses by major categories. Significant budget to actual variances are highlighted and explained. For FY 2009/10, revenues and expenses were reported on a cash basis: accrual of revenues and expenses were only done for year-end for publication in the City's Consolidated Annual Financial Report (CAFR). Beginning in FY 2010/11, revenues and expenses are reported on a modified accrual basis to match the CAFR.

Actual to Revised Budget variance of \$1.5 million or 10%:

Fines & Forfeitures:

Of the \$0.5 million unfavorable variance in Court Fines, \$0.4 million is the result of civil filings being down approximately 12 percent and \$0.1 million is the result of the Out of Jurisdiction Confinement Program Revenue not performing as aggressive as originally forecast. An increase in Photo Enforcement citations year to date, coupled with successful collections efforts is creating a positive variance of \$0.2 million in this category.

Miscellaneous:

The favorable variance in Property Rental is a timing issue and the result of advance billings for leases. In the Reimbursements category, \$0.7 million of the favorable variance is the result of a repayment of per diem charges that were incurred due to the Maricopa County Sheriff's Office spending of detention funding for non-detention related purposes for the period of FY 2004/05 - FY 2010/11; \$0.2 million of the favorable variance is attributed to increased Court Jail Fees and Public Defender Fees collections; \$0.1 million of the favorable variance is attributed to utilities reimbursements received were not budgeted; and \$0.2 million of the favorable variance is attributed to a reimbursement from Southwest Gas for a special election to be held in March 2012.

Building Permit Fees and Charges

Actual to Revised Budget variance of \$0.2 million or 4%:

No explanation necessary.

Interest Earnings

Actual to Revised Budget variance of \$0.3 million or nm:

A high volume of investment trades to obtain better interest rates resulted in unbudgeted recognition of gains.

Indirect Cost Allocations

Contractual Services

Actual to Revised Budget variance of \$2.7 million or 8%: The favorable variance continues to be attributable to the jail services contract versus budget as well as invoices for services being received later than expected for the Citywide annual software maintenance/licensing. In addition, a contributing factor to the variance is event timing versus budget allocation in Economic Vitality's Event Development/Retention program.

Commodities

Actual to Revised Budget variance of \$0.8 million or 17%: The favorable variance is primarily the result of timing differences affecting various accounts, such as police radios and associated equipment, chemical and laboratory supplies, maintenance services and repair materials, and office supplies.

Capital Outlays

Actual to Revised Budget variance of \$0.6 million or 93%: The favorable variance in Capital Outlays is the result of planned operating projects' expenditures being charged to Contractual Services and not to Capital Outlay accounts where the budget for those projects is allocated.

% Change vs. Prior Year		128%	112%	106%		

Actual to Revised Budget variance of (\$0.2) million or (3%): The Contracts Payable is reflecting an unfavorable variance due to the Nordstrom garage development agreement. Development agreement payments are based on the amount of privilege (sales) tax collections at each development site. Mall performance showed an increase in sales that was higher than what was originally estimated and budgeted; so a payment for the difference was paid creating an unfavorable variance. This unfavorable variance is being partially offset due to a timing issue related to the U.S. Corps of Engineers payment.

Local automotive sales have performed better than expected, as well as dealers adding new lines to their inventories. Additionally, there have been large audit payments in the miscellaneous retail, rental, construction and license fee categories. See Appendix 1 for further information about results by sales tax categories.

The favorable variance in Contractual continues to be attributable to the invoice timing for Transportation's transit contracts with the Regional Public Transportation Authority (RPTA) and the Trolley. Additionally, the positive variance is the result of expenditures not occurring as budgeted for asphalt pavement treatments.

Actual to Revised Budget variance of (\$8.0) million or (6%):

The fiscal year to date unfavorable variance for Water Service Charges is a result of lower than anticipated water deliveries. The fiscal year to date water deliveries remain lower than the prior three year average by 1.5 percent. The unfavorable variance in Miscellaneous Revenue results from a lower than anticipated sale price for the Planet Ranch (\$1.9M), a pending payment for a contractual arrangement (\$0.6M) and less than anticipated development fee administrative charges which are driven by building permits. The unfavorable variance for Transfers In is related to the transfer of development fee funds from the capital fund to the operating fund to pay debt service, the transfer was inadvertently posted twice in January and corrected in February.

Actual to Revised Budget variance of (\$8.1) million or (8%):

The positive variance in Personnel Services is related to unfilled positions. The positive variance in Contractual services is driven by less consultant and other professional services and less than forecasted electrical costs. The positive variance in Commodities is related to less than forecasted treatment filter media and chemicals. The Bond Proceeds transfer out is a movement of unspent prior year proceeds to the capital improvement fund, these funds are unbudgeted and restricted to eligible capital expenses.

Actual to Revised Budget variance of (\$1.9) million or (47%):

The unfavorable variance in Transfers In is related to the Scottsdale/Thunderbird Park-and-Ride facility; the revenue will be recognized over the 20 year lease agreement period rather than as a one time Transfer In, which is how it was budgeted.

Actual to Revised Budget variance of \$0.9 million or 7%:

The favorable variance in Contractual is a timing issue of the budget versus expenditures for annual maintenance contracts for various fleet systems. The unfavorable variance in Commodities is due to fuel costs being higher than forecasted. The favorable variance in Capital Outlays is a timing issue of budget versus expenditures for the purchase of vehicles/equipment.

Rental Sales Taxes

The rental category includes rentals of commercial and residential real property and personal property rentals, (such as rentals of formal wear, DVD's, home health equipment, recreational goods, electronics, appliances, etc.)

Actual to Revised Budget variance of \$0.2 million or 2%: The favorable variance is the result of large audit payments received in July, October and January.

Miscellaneous Retail Stores Sales Taxes

This category includes small clothing stores, art galleries, luggage stores, home furnishing stores, jewelry stores, drug stores, hobby stores, household appliance stores, sporting goods stores, florists, computer stores, hardware stores, and pet supply stores.

Actual to Revised Budget variance of \$0.4 million or 5%: The favorable variance is due to retail sales increasing for electronics and clothing. Part of this could be related to the All Star game being played in the Phoenix area. In addition, a large audit payment was received in January.

Major Department Stores Sales Taxes

This category includes large department stores, warehouse clubs, supercenters, and discount department stores.

Actual to Revised Budget variance of \$0.1 million or 2%: The favorable variance is due to some major department stores performing better than expected. This could be related to the All Star game being played in the Phoenix area.

Automotive Sales Taxes

The automotive category includes automobile dealers, motorcycle dealers, automotive repair shops, tire shops, car washes, and car leasing companies.

Actual to Revised Budget variance of \$0.4 million or 6%: The favorable variance is due to the automotive dealers performing better than expected, Van Chevrolet adding Buick and GMC to their inventory and the opening of a used car dealer on McDowell Road.

Food Stores Sales Taxes

This category includes grocery stores, candy stores, meat markets and convenience stores.

Actual to Revised Budget variance of \$0.1 million or 1%: The favorable variance is due to increased sales at grocery stores and a decrease in the purchase of food with non-taxable food stamps.

Construction Sales Taxes

The construction tax is collected on all construction activity; commercial and residential; new and re-model. It also includes landscaping, painting, flooring installation, siding, roofing, concrete, plumbing, heating, electrical, framing, drywall, infrastructure, masonry, finish carpentry, etc.

Actual to Revised Budget variance of \$0.0 million or 0%: No explanation necessary.

Dining/Entertainment Sales Taxes

The restaurant category includes restaurants, bars, cafeterias, mobile food vendors, and caterers.

Actual to Revised Budget variance of \$0.2 million or 5%: The favorable variance is due to increased sales. Part of this could be related to the All Star game being played in the Phoenix area.

Other Taxable Activity Sales Taxes

This category includes movie theatres, golf courses, gyms, bowling centers, amusement arcades, interior designers, publishers, banks, doctors, lawyers, accountants, beauty salons, barber shops, personal goods repair shops, photographers, advertising, wholesalers, and manufacturers.

Actual to Revised Budget variance of \$0.2 million or 6%: The favorable variance is due to a wholesaler reporting a large amount of taxable sales in September and October.

Hotel/Motel Sales Taxes

This category includes lodging space rental on a short-term basis and other activities provided at the hotel/motel.

Actual to Revised Budget variance of \$0.0 million or 0%: No explanation necessary.

Utilities Sales Taxes

This category includes businesses that provide telecommunication (landlines and cellular), electricity, gas, or water services.

Actual to Revised Budget variance of \$0.0 million or 0%: No explanation necessary.

License Fees, Penalty & Interest

This category consists of application and license fees for Transaction Privilege (sales) tax licenses, interest, and penalties.

Actual to Revised Budget variance of \$0.2 million or 14%: The favorable variance is the result of large audit payments received throughout the year.

Glossary

To ensure legal compliance and financial management for the various restricted revenues and program expenditures, the City's accounting and budget structure is segregated into various funds. This approach is unique to the government sector. Fund accounting segregates functions and activities into separate self-balancing funds that are created and maintained for specific purposes. The General Fund is the City's chief operating fund and is used to account for all financial resources, except those that are legally required to be accounted for in another fund.

A **fund** is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GENERAL FUND SOURCES

Sales Tax - Scottsdale's total City sales tax rate is 1.65 percent. Of that amount, 0.55 percent is dedicated to the specific purposes related to transportation and preservation (which are accounted for in Special Revenue Funds) and 0.10 percent is dedicated to public safety (accounted for in the General Fund). The remaining 1.0 percent of the sales tax is also accounted for in the General Fund and is available to fund basic municipal services such as police, fire, libraries, and parks. Sales tax receipts received in the current month are based on prior month activity. This general-purpose sales tax is the City's single largest revenue source. Revenues from two of the sales taxes categories (construction and rental) have seen dramatic decreases over the prior year and have not resumed to "normal" levels. The sales tax category results can be found in Appendix 1.

State Shared Revenues - These revenues are derived from state shared sales taxes, income taxes (revenue sharing), and vehicle license taxes (auto lieu) based on a statutorily determined formula, primarily driven by population. On a per capita basis, sales taxes generated in Scottsdale tend to be higher than most other cities/towns due to higher wealth, consumer spending habits, and larger amounts of visitor/tourist spending. As directed by statute, the State distributes the shared portion of State sales taxes back to local governments based on population, not by the amount of sales taxes collected within the local jurisdiction.

Charges for Services/Other - Charges for Services include numerous revenues such as building permits, recreation fees, fire department fees, WestWorld fees, interest income, and property rentals. Also included are cost allocations from the General Fund to the enterprise funds. Certain components of this revenue source are subject to dramatic peaks and valleys from year to year. For example, building permit fees are based on developers' interest in construction projects and ability to secure financing for the projects.

Property Taxes - In the General Fund, property taxes are comprised only of the "Primary" property taxes levied on the assessed value of all property within the City to help pay for basic operations of the City. Secondary property taxes are not included here as they must be used solely for General Obligation bond debt service payments. Increases in revenue from year to year reflect new property additions to the tax roll and Council actions to increase total revenue as legally allowed.

Franchise Fees and In-Lieu Taxes - This category represents revenues from utility and cable providers.

Bed Taxes - A bed tax is applied to lodging room charges for stays of 29 days or less (transient) in hotels or short-term rentals. Effective July 1, 2010, the bed tax rate was increased from 3 percent to 5 percent. (Beginning in FY 2009/10, 100 percent of the Bed Tax revenue was recorded in the General Fund with a corresponding transfer of 80 percent to the Special Programs Fund.) Prior to the tax rate increase, 80 percent of the bed tax revenue was transferred to the Special Program Fund and was restricted for tourism development including the payment of contracts to increase tourism and fund debt service for destination attractions. The City started receiving the revenues from the new 5 percent tax rate in September 2010 and 50 percent of the 5 percent bed tax collections are transferred to the Special Programs Fund to be used for destination marketing purposes.

Glossary

Transfers In – For FY 2011/12, transfers in reflect funds received from the Capital Improvement Plan (CIP) Funds, the Enterprise Funds (Franchise Fees and In Lieu Property Tax), the Fleet Fund (one time recapture of excess contributions) and Special Programs (one time). FY 2011/12 is the last year the In Lieu Property Tax transfer will occur.

GENERAL FUND USES

Personnel Services include the salaries and wages (pay for time worked, vacation, and sick leave) plus the City's contribution for fringe benefits such as retirement, social security, health, and workers' compensation insurance. It is also inclusive of vacancy savings, the medical and vacation leave accrual payouts that are made at the time of separation from the City, and position reclassifications.

Vacancy Savings and Leave Payouts is the net of the Citywide vacancy savings and the medical and vacation leave accrual payouts that are made at the time of separation from the City.

Contractual Services category includes expenditures for services performed by firms, individuals, or other City divisions.

Commodities classification includes supplies, repair and replacement parts, small tools, and maintenance and repairs.

Capital outlays include the purchase of land, the purchase or construction of buildings, structures, and facilities, plus machinery and equipment. It includes expenditures that result in the acquisition or addition of a fixed asset or increase the capacity, efficiency, span of life, or economy of operating an existing fixed asset. For an item to qualify as capital outlay the expenditure must meet all of the following requirements: (1) have an estimated useful life of more than two years; (2) have a unit cost of \$5,000 or more; and (3) be betterment or improvement.

Debt Service & Contracts Payable category is debt payments related to Municipal Property Corporation (MPC) bonds that are to be serviced with excise taxes. It is also contractual obligations related to development agreements (funded by sales tax rebates) which vary based on the actual sales tax collections.

Transfers-Out represents the authorized exchanges of cash between funds, divisions, departments and/or capital projects.

OTHER SOURCES

Transportation Fund is considered a Special Revenue Fund, which is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Transportation Fund receives and expends the City's allocation of the Arizona Highway User Revenue Tax (HURF) as well as other transportation related revenues. The amount of HURF available to each City is allocated based on population. These monies must be used for street construction, reconstruction, maintenance, or transit. The State of Arizona requires the City to establish and maintain an accounting for Highway User Revenue Funds. The fund also accounts for the 1989 voter approved Transportation Privilege (Sales) Tax of 0.20 percent which is dedicated to funding transportation improvements and operations. Sales Tax receipts received in the current month are based on prior month activity. Fifty percent of the Transportation Sales Tax is transferred to the Capital Improvement Fund for transportation related capital improvement projects.

Glossary

Enterprise Funds are used to account for operations, including debt service, which are financed and operated similarly to private businesses, where the intent is that the service is self-sufficient, with all costs supported predominantly by user charges. The City maintains three Enterprise Funds to account for Water & Water Reclamation, Solid Waste, and Aviation activities.

Water & Water Reclamation Funds

This fund accounts for the transactions related to the City's water and water reclamation business activities, including operating revenue, expenditures and debt service payments.

- Water Service Rates are monthly water billings which consist of a base charge according to meter size and a variable charge for the amount of water consumed.
- Water Reclamation Service Rates are monthly charges based on the volume and strength of the sewage discharge.
- Non-Potable Water Rates includes the sale of surface water, reverse osmosis (RO) and effluent treated to irrigation standards. These different water types are delivered to 23 Reclaimed Water Distribution System (RWDS) golf courses, 3 Irrigation Water Distribution System (IWDS) golf courses, the Gainey Ranch Golf Club, the WestWorld golf course and the Inlet/Silverado golf course.
- Miscellaneous Revenue includes rental income, miscellaneous reimbursements and other minor fees. The FY 2011/12 miscellaneous revenue forecast includes proceeds (\$12.M) expected from the sale of Planet Ranch.

Solid Waste Fund

This fund accounts for the transactions related to the City's solid waste and recycling business activities, which includes operating revenues and expenditures.

- Solid Waste Rates include residential charges which are a flat fee per month and commercial charges which are charged based upon the size of the container and the number of pickups per month. Additionally Solid Waste Rates include roll-off charges, uncontained service charges, recycling program charges, and household hazardous waste collection charges.

Aviation Fund

This fund accounts for the transactions related to the City's aviation business activity at the Scottsdale Airport, which includes operating revenue and expenditures.

- Aviation Rates are charges for a variety of services provided to airport customers including Landing Fees, Airport/Airpark Fuel Fees, Transient Parking Fees, Fixed Tenant Rents, Percentage Fees for Aeronautical Business Permits (ABPs), Custom Fees and miscellaneous other charges.
- Privilege and Use Tax-Jet Fuel are charges earned from jet fuel sales in accordance with the Scottsdale Revised Code, Article IV, Section 422.

Internal Service Funds are used to account for the financing, on a cost-reimbursement basis, of commodities or services provided by one program for the benefit of other programs within the City. The City maintains three Internal Service Funds to account for Fleet, PC Replacement and Self-Insurance activities.
