- Based upon the above information, a determination of the property's location cannot be made on the FIRM.
- The structure is located in Flood Insurance Rate Map (FIRM) Zone: **D** **X**
These zones are outside any FEMA-delineated 100-year floodplain. Flood insurance is available, but not required by the National Flood Insurance Program, for buildings secured by a federally insured loan. Flood insurance is optional at the discretion of the owner or lending institution.
- The structure is located wholly or partially within Special Flood Hazard Area (SFHA) Zone:
 A **AE** **AO** **AH** **AR**
These are areas within a FEMA-delineated 100-year floodplain. Federal law requires flood insurance as a condition of a federally insured mortgage or loan secured by buildings within a Special Flood Hazard Area (SFHA) zone.
- There is a 50 cfs wash on the property. Local zoning and stormwater management regulations may apply to proposed development.

NOTE: This determination is based on the Flood Insurance Rate Map (FIRM) of the Federal Emergency Management Agency. This letter does not imply that the referenced property will or will not be free from flooding or damage. A property not in a special Flood Hazard Area may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This letter does not create liability on the part of the city, or any officer or employee thereof, for any damages that result from reliance on this determination.
