

# Financial Report Fiscal Year-to-Date As of May 2014

Report to the City Council  
Prepared by City Treasurer  
June 20, 2014

## FINANCIAL REPORT YEAR-TO-DATE MAY 2014

The following report is a summary of financial results for the City's General Fund (which is the primary operating fund of the City), Transportation Fund, Tourism Development Fund, major Enterprise Funds, Fleet Fund, Risk Fund and Benefits Self-Insurance Fund. The report also includes detailed information on the City's privilege (sales) tax by major category.

Financial statements summarize sources and uses by major categories. Significant budget to actual variances are highlighted and explained. The report also includes Statement of Operations for WestWorld and the Giants Spring Training Baseball Stadium. The statements summarize operating revenue and expenses to determine the operating income (before and after debt service) for each activity.

Total General Fund Sales Taxes	\$85.2	\$88.9	\$96.1	\$92.4	\$3.7	4%
% Change vs. Prior Year		4%	8%	4%		

**Actual to Revised Budget variance of \$3.7 million or 4%:**

The favorable variance is due to continued increased motor vehicle sales, wholesalers reporting a large amount of taxable sales, plus increased construction activity for both single family and multi-family building projects. See Appendix 1 for further information about results by sales tax categories.

### State-Shared Revenues

% Change vs. Prior Year		10%	8%	8%		

**Actual to Revised Budget variance of \$0.2 million or 0%:**

No explanation is necessary.

### Property Taxes

**Actual to Revised Budget variance of \$2.2 million or 10%:**

The unfavorable variance in Property Taxes is due to a timing issue with receipts and should come in as expected at year end.

### Franchise Fees and In-Lieu Taxes

% Change vs. Prior Year		-2%	-4%	-11%		

**Actual to Revised Budget variance of \$1.7 million or 8%:**

The favorable variance in WestWorld is due to increases in facilities rental as there are more events. The favorable variance in Fire Service Charges is due to increases in special events requests. The unfavorable variance in Business Licenses & Fees is due to Business Occupational Licenses not increasing as much as forecasted. The favorable variance in Court Fines is due to a 7 percent increase in the number of criminal citations issued YTD, while the unfavorable variance in Photo Enforcement is due to a 13 percent decline in the number of citations issued YTD. The favorable variance in Stormwater Water Quality Charge is due to a prior year adjustment. The favorable variance in Property Rental is attributed to future rent posted in July. The favorable variance in Miscellaneous is primarily due to the sale of two City owned properties, as well as the result of recording the public safety radio maintenance from the City of Phoenix in July, but was not anticipated until later in the year. The favorable variance in Reimbursements is due to better than expected collections in jail fees.

### Building Permit Fees and Charges

**Actual to Revised Budget variance of \$5.0 million or 57%:**

The activity levels in the various revenues falling under Building Permit Fees and Charges such as building permits, right-of-way fees, plan review fees, and engineering plan review fees continue to exceed budget based on the improved local and national economies.

### Interest Earnings

**Actual to Revised Budget variance of \$0.7 million or 79%:**

The favorable variance is a timing issue as the gains/losses are not recorded until year end.

### Indirect/Direct Cost Allocations

**Actual to Revised Budget variance of \$0 million or 0%:**

No explanation is necessary.

\*Includes budgeted vacancy savings net of leave accrual payouts, the citywide pay program and funding for Public Safety compensation.

**Actual to Revised Budget variance of (\$0.4) million or (0%):**

The unfavorable variance in Personnel Services is driven largely by overtime in 1) Police Department -- Patrol and Traffic Enforcement are seeing increases in overtime to ensure minimum staffing levels and there have been increased vacancies in Communications, additionally SWAT has experienced increased overtime due to additional training and investigations; and 2) Fire Department -- which was primarily driven by vacancies and increased overtime to maintain minimum staffing levels in all stations specifically 602, additionally there were several members out on transitional duty due to injuries. Additional personnel have since been hired and YTD overtime has seen a significant reduction over the past few months and is trending in a more favorable direction.

<b>Total Vacancy Savings/Payouts</b>	<b>(\$2.3)</b>	<b>\$1.2</b>	<b>\$3.2</b>	<b>(\$1.1)</b>	<b>\$2.1</b>

**Total Saved/(Used) YTD of (\$1.1) million:**

The City has achieved \$3.5 million in vacancy savings year-to-date offset by (\$1.3) million in vacation and medical leave payouts. In September the Citywide Pay Program was funded and implemented initiating the use of ongoing and one-time dollars for compensation. Additionally, in February the compensation adjustments for the Police Department were funded. The FY 2013/14 adopted budget included \$2.5 million one-time compensation adjustments for the Police Department. However, council later authorized as ongoing for the Police Department, paid in February 2014.

**Contractual Services**

**Actual to Revised Budget variance of \$4.3 million or 9%:**

The favorable variance is largely attributable to the receipt of final invoices for repairs to city owned parking garages and other repair and improvement type activities which have invoice timing issues that are expected to be resolved by fiscal year end. This variance also relates to other contracts that did not receive the expected invoices during this period including invoices for Public Safety such as jail services and photo radar and various other invoices such as computer hardware and software related updates. Although the budget for these items is in the period where staff believed the payment would exist there have been delays in the timely receipt of these and other invoices.

**Commodities**

**Actual to Revised Budget variance of \$0.3 million or 5%:**

The favorable variance is primarily the result of the timing and receipt of pending invoices, in certain instances budget adjustments have occurred to minimize this variance moving forward. In addition, the favorable variance is a result of various accounts, such as operating supplies, maintenance services and repair materials, education and recreation supplies, and office supplies which are difficult to budget in the appropriate period as they do not have a predictable spending pattern across all periods throughout the year.

**Capital Outlays**

**Actual to Revised Budget variance of (\$0.2) million or (83%):**

The unfavorable variance is related to various lease reclassifications to comply with Governmental Accounting Standards Board (GASB) Statement Number 62. This resulted in the recognition of various capital leases and their related expenses in the current period which is not the manner in which the agreements were budgeted. These are one time expenses reconized for financial statement purposes and will not be ongoing in nature.

**Actual to Revised Budget variance of (\$0.1) million or (0%):**

The unfavorable variance in HURF taxes is driven by lower demand for fuel. The favorable variance in City Sales Tax revenue is due to continued improvement in the local economy. This overall improvement has increased consumer spending, benefitting the various taxes collected. The unfavorable variance in Other Revenue is due to the timing of Federal Grants received for Downtown Trolley Operations.

**Actual to Revised Budget variance of \$0.8 million or 4%:**

The favorable variance in Contractual is largely due to transit contract payments that have yet to occur. Additionally, recent overlay projects have occurred in residential areas reducing the need for roadway markings such as striping. The favorable variance in Commodities is due to lower than expected costs in maintenance accounts such as building repairs and improvements, and machinery repair and equipment. This is due to a combination of timing and recognized cost savings for materials such as weed control chemicals for alley maintenance.

**Actual to Revised Budget variance of (\$0.2) million or (2%):**

The unfavorable variance is largely due to the monthly payments to the Scottsdale Convention and Visitors Bureau (CVB) in compliance with Financial Policy 21A, which requires 50 percent of Bed Taxes revenues be paid to the CVB. Payments have increased in May to include increases in Bed Tax receipts which exceed what was originally budgeted.

**Actual to Revised Budget variance of \$3.0 million or 2%:**

The unfavorable variance in Water Service Charges is driven by water sales; more water sales are occurring in the lower tiers and less in the higher tiers than forecasted. The favorable variance in Water Reclamation Charges is driven by new accounts identified through lateral verifications resulting in new start-ups, cooperation with EPCOR water company on recent water use and bill code clean up efforts for multi-purpose buildings. The favorable variance in Non-Potable Water Fees is driven by more deliveries than forecasted for RWDS, IWDS and McDowell Mountain Golf Course. This favorable variance is offset by lower AWT RO deliveries to the RWDS. The favorable variance in Interest Earnings is a timing issue as the gains/losses are not recorded until year-end. The favorable variance in Miscellaneous Revenue is driven by revenue received for the sale of the Water Resources Admin Building, the recycling of used water meters and participation in the Granite Reef Underground Storage Project. This favorable variance is offset by lower than forecasted revenues for the Central Ground Water Treatment Facility.

**Actual to Revised Budget variance of \$24.2 million or 24%:**

The favorable variance in Personnel Services is driven by vacant positions with open recruitments. The favorable variance in Contractual is driven by seasonal variations in electrical charges, delayed training/conferences providing details on compliance with OSHA standards and EPA chemical handling regulations, less maintenance and repairs at the well sites and fire contract maintenance repairs at the treatment facilities and a SROG contractual settlement from the Arizona Nuclear Power Plant. The unfavorable variance for Commodities is driven by higher than forecasted CAP water costs, maintenance costs and chemical costs. The favorable variance for Transfer Out-CIP Fund is driven by a delayed transfer and will be offset in June. The favorable variance in Franchise Fees is driven by lower operating revenues.

**Actual to Revised Budget variance of (\$0.4) million or (2%):**

The favorable variance in Maintenance/Operation Rates continues to be reflective of the unexpected major repairs on Solid Waste and Fire Department equipment as well as the maintenance of older vehicle/equipment. This was offset by the unfavorable variance in Fuel Rates, which is primarily due do to the ongoing change from diesel to Compressed Natural Gas vehicles in Solid Waste. The Fuel Rates were also impacted by the cost per gallon for fuel being lower than what was budgeted.

**Actual to Revised Budget variance of \$4.3 million or 24%:**

The favorable variance in Commodities continues to be related to unleaded and diesel fuel costs being lower than forecasted as well as increased usage of alternative fuel. As a result, year end savings is anticipated. In addition, the favorable variance in Capital Outlays is a timing issue for the purchase of vehicles/equipment. The replacement budget was spread evenly from August through June and most replacement expenses are expected to be posted in June.

**Actual to Revised Budget variance of \$1.3 million or 17%:**

The favorable variance in Contractual is primarily due to the budget spread of insurance and bond premiums as the entire budget is in July, although some smaller policies renew throughout the year. Additionally in Contractual, the favorable variance in various general and property liability accounts is due to the difficulty in determining when claims will become due and payable.

The unfavorable variance in Medical Premiums - Retirees is due to the number of retirees on the medical plan being less than expected. The unfavorable variance in Other Revenue is due to timing issues on the Self-Insured prescription rebate. These are both offset by favorable variances in Medical Premiums - COS and Medical Premiums - EE.

## Privilege (Sales) & Use Tax Collections For May 2014 (For Business Activity in April 2014)

Appendix 1 contains information regarding the “actual” revenue collections from the 1.0 percent Privilege and Use Tax reflected in the General Fund, 0.2 percent dedicated Transportation Privilege Tax, 0.2 percent dedicated Preserve Privilege and Use Taxes, 0.15 percent additional dedicated Preserve Privilege and Use Taxes, and 0.1 percent dedicated Public Safety Privilege and Use Taxes, including adjustments for related license revenues, late collections and audits. While the report includes the actual year-to-date tax collections for the funds previously noted, only the General Fund portion (1.0 percent) of the tax is unrestricted and available for general government purposes.

The report shows a fiscal year Privilege and Use Tax (1.0 percent General Purpose) collections increase of 4 percent compared to the Budget, and an increase of 8 percent compared to the same period a year ago.

**Actual to Revised Budget variance of \$0.3 million or 7%:** This is due to an increase in conventions.

**Utilities Sales Taxes**

This category includes businesses that provide telecommunication (landlines and cellular), electricity, gas, or water services.

**Actual to Revised Budget variance of (\$0.1) million or (2%):** This is due to a decrease in the ownership of landlines.

**License Fees, Penalty & Interest**

This category consists of application and license fees for Transaction Privilege (sales) tax licenses, interest, and penalties.

**Actual to Revised Budget variance of \$0.1 million or 5%:** Normal business fluctuations. This also includes penalties and interest associated with large one-time audit payments.

## Glossary

To ensure legal compliance and financial management for the various restricted revenues and program expenditures, the city's accounting and budget structure is segregated into various funds. This approach is unique to the government sector. Fund accounting segregates functions and activities into separate self-balancing funds that are created and maintained for specific purposes.

A **fund** is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The city, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The General Fund is the city's chief operating fund and is used to account for all financial resources, except those that are legally required to be accounted for in another fund.

### GENERAL FUND SOURCES

**Sales Tax** - Scottsdale's total city sales tax rate is 1.65 percent. Of that amount, 0.55 percent is dedicated to the specific purposes related to transportation and preservation (which are accounted for in Special Revenue Funds) and 0.10 percent is dedicated to public safety (accounted for in the General Fund). The remaining 1.0 percent of the sales tax is also accounted for in the General Fund and is available to fund basic municipal services such as police, fire, libraries, and parks. Sales tax receipts received in the current month are based on prior month activity. This general-purpose sales tax is the city's single largest revenue source. The sales tax category results can be found in Appendix 1.

**State Shared Revenues** - These revenues are derived from state shared sales taxes, income taxes (revenue sharing), and vehicle license taxes (auto lieu). On a per capita basis, state sales taxes generated in Scottsdale tend to be higher than most other cities/towns due to higher wealth, consumer spending habits, and larger amounts of visitor/tourist spending. As directed by statute, the State distributes the shared portion of State sales taxes back to local governments based on population, not by the amount of sales taxes collected within the local jurisdiction.

**Charges for Services/Other** - Charges for Services include numerous revenues such as building permits, recreation fees, fire department fees, WestWorld fees, interest income, and property rentals. Also included are cost allocations from the General Fund to the enterprise funds.

**Property Taxes** - Property taxes are comprised only of the "Primary" property taxes levied on the assessed value of all property within the city to help pay for basic operations of the City. Secondary property taxes are not included in the General Fund as they must be used solely for General Obligation bond debt service payments. Increases in revenue from year to year reflect new property additions to the tax roll and Council actions to increase total revenue as legally allowed.

**Franchise Fees and In-Lieu Taxes** - This category represents revenues from utility and cable providers for their permitted use of the city's Rights-of-Way.

**Bed Taxes** - A transient lodging tax (bed tax) is applied to lodging room charges for stays of 29 days or less in hotels or short-term rentals. Effective July 1, 2010, the bed tax rate was increased from 3 percent to 5 percent, half of which must be spent on destination marketing and half of which is to be used for Capital, Events Development, Administration and other. A new fund was established for Tourism Development after the adoption of the FY 2012/13 budget to account for this revenue.

**Transfers In** - Transfers in reflects funds received from the Enterprise Funds (In-Lieu Franchise Fees and In-Lieu Property Tax) and Special Programs (30 Day Tow).

### GENERAL FUND USES

**Personnel Services** include the salaries and wages (pay for time worked, overtime premium, vacation, and sick leave) plus the city's contribution for fringe benefits such as retirement, social security, health, and workers' compensation insurance. It is reduced by vacancy savings, but increased for medical and vacation leave accrual payouts that are made at the time of separation from the city.

**Contractual Services** category includes expenditures for services performed by firms, individuals, or other city divisions.

**Commodities** includes supplies, repair and replacement parts, small tools, and maintenance and repairs.

## Glossary

**Capital outlays** include the purchase of land, the purchase or construction of buildings, structures, and facilities, plus machinery and equipment. It includes expenditures that result in the acquisition or addition of a fixed asset or increase the capacity, efficiency, span of life, or economy of operating an existing fixed asset. For an item to qualify as capital outlay the expenditure must meet all of the following requirements: (1) have an estimated useful life of more than two years; (2) have a unit cost of \$10,000 or more; and (3) be betterment or improvement.

**Debt Service & Contracts Payable** is primarily debt payments related to Municipal Property Corporation (MPC) bonds where the city's excise taxes are pledged to meet debt service. It also includes contractual obligations related to development agreements (funded by sales tax rebates) which vary based on the actual sales tax collections.

**Transfers-Out** represents the authorized transfer of cash to other funds, divisions, departments and/or capital projects.

## OTHER FUNDS

**Transportation Fund** is considered a Special Revenue Fund, which is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Transportation Fund receives and expends the city's allocation of the Arizona Highway User Revenue Tax (HURF) as well as other transportation related revenues. The amount of HURF available to each city is allocated based on population. These monies must be used for street construction, reconstruction, maintenance, or transit. The State of Arizona requires the city to establish and maintain an accounting for Highway User Revenue Funds. The fund also accounts for the 1989 voter approved Transportation Privilege (Sales) Tax of 0.20 percent which is dedicated to funding transportation improvements and operations. Fifty percent of the Transportation Sales Tax is transferred to the Capital Improvement Fund for transportation related capital improvement projects.

**Tourism Development Fund** is a Special Revenue Fund to account for the sources and uses related to tourism. Revenues consist of transient lodging tax (bed tax), lease rental earnings from the Fairmont-Princess Hotel and hospitality trolley sponsorships. Bed tax is the largest portion of this fund and is derived from lodging room charges for stays of 29 days or less in hotels or short-term rentals.

**Enterprise Funds** are used to account for operations, which are financed and operated similarly to private businesses, where the intent is that the service is self-sufficient, with all costs including debt service supported predominantly by user charges. The city maintains three Enterprise Funds to account for Water & Water Reclamation, Aviation, and Solid Waste activities.

### Water & Water Reclamation Funds

This fund accounts for the transactions related to the city's water and water reclamation business activities, including operating revenue, expenditures and debt service payments.

- Water Service Rates are monthly water billings which consist of a base charge according to meter size and a variable charge for the amount of water consumed.
- Water Reclamation Service Rates are monthly charges based on the volume and strength of the sewage discharge.
- Non-Potable Water Rates includes the sale of surface water, reverse osmosis (RO) and effluent treated to irrigation standards. These different water types are delivered to 23 Reclaimed Water Distribution System (RWDS) golf courses, 3 Irrigation Water Distribution System (IWDS) golf courses, the Gainey Ranch Golf Club, the WestWorld golf course and the Inlet/Silverado golf course.
- Miscellaneous Revenue includes rental income, miscellaneous reimbursements and other minor fees.

### Aviation Fund

This fund accounts for the transactions related to the city's aviation business activity at the Scottsdale Airport.

- Aviation Rates are charges for a variety of services provided to airport customers including Landing Fees, Airport/Airpark Fuel Fees, Transient Parking Fees, Fixed Tenant Rents, Percentage Fees for Aeronautical Business Permits (ABPs), Custom Fees and miscellaneous other charges.
- Privilege and Use Tax-Jet Fuel are charges earned from jet fuel sales by Fixed Based Operators (FBOs) in accordance with the Scottsdale Revised Code, Article IV, Section 422.

## Glossary

### **Solid Waste Fund**

This fund accounts for the transactions related to the city's solid waste and recycling business activities.

- Solid Waste Rates include residential charges which are a flat fee per month and commercial charges which are based on the size of the container and the number of pickups per month. Additionally Solid Waste Rates include roll-off charges, uncontained service charges, recycling program charges, and household hazardous waste collection charges.

**Internal Service Funds** are used to account for the financing, on a cost-reimbursement basis, of commodities or services provided by one program for the benefit of other programs within the city. The report includes three Internal Service Funds to account for Fleet, Risk, and Benefits activities.

### **Fleet Fund**

This fund is used to account for the expenditures associated with purchasing and maintaining the city's vehicles. Replacement and operation of vehicles are charged to the city departments as internal operating costs to each program based on the quantity and type of vehicle used. The department charges become revenue to the Fleet Fund.

### **Risk Fund**

This fund is used to account for the city's self-insurance, safety and risk management functions. Revenue to this fund is derived from internal charges to division programs and is captured as internal rates. Payments for unemployment, workers' compensation, and property and liability claims are made from this fund

### **Benefits Self Insurance Fund**

This fund is used to account for the city's self-insured medical and dental benefits. Revenue to this fund is derived from premiums collected through charges to division programs, which consists of both city and employee components. Revenue is also collected through premium charges to retirees as well as pharmacy rebates and stop loss insurance recoveries. This fund provides payment of actual healthcare expenses (medical, prescription and dental claims) as well as claims administration and other benefit plan expenses.
