

Neighborhood Clean up Program GUIDELINES

As part of Scottsdale's Neighborhood Revitalization program, the city is providing two FREE services to residents and/or volunteers who organize neighborhood clean-up efforts.

Scottsdale Roll-off Program: A 30-yard roll-off (refuse bin) is available to assist Scottsdale residents with accumulated debris in their neighborhood.

Scottsdale Tool Lending Center (TLC) Program: A trailer loaded with landscape tools is available for loan to assist Scottsdale residents and community volunteer groups with removing accumulated debris in their neighborhood.

The following are guidelines to encourage residents to participate in either or both of these programs to help keep Scottsdale neighborhoods beautiful.

** Please Note: If you live in an organized homeowners association (HOA) and are planning a clean-up effort within a common area, you must obtain approval from your HOA before commencing your project. Also, clean-ups on easements, rights-of-way and protected natural area open spaces (NAOS) require prior city approval. Contact the program coordinator at (480) 312-3111 with questions.*

Scottsdale Roll-off Program Requirements:

- Clean ups must be organized by a neighborhood leader or designated project coordinator
- Minimum of 5 households for one street or a project that impacts the entire neighborhood (i.e. common areas, alleys, streets)
- Participants must be a Scottsdale solid waste residential customer
- Refuse bin to be used for residential clean up projects only
- One refuse bin per clean-up project
- Neighborhood leader or designated project coordinator must assume responsibility for the following:
 - Completion of Neighborhood Clean up program application, including a list of participating neighbors
 - Ensuring the hold harmless agreement is completed and submitted
 - Ensuring that roll-off does not become overloaded or contaminated with prohibited materials (see disposal requirements that follow)
- Refuse bin will be delivered by 5 p.m. the Friday prior to the weekend of the neighborhood clean-up project and picked up the following Monday in the morning
- Bin drop-off location must be clean from dirt and debris before and after clean-up effort
- Qualified addresses applying for the roll-off program may receive a roll-off bin once within a 6-month period

Scottsdale Tool Lending Center (TLC) Program Requirements:

- Project must be organized by a designated project coordinator
- Minimum of 5 households involved in a project, or a group with a minimum of 5 volunteers
Property must be within the City of Scottsdale
- Tool trailer to be used for residential clean-up projects only within the City of Scottsdale
- Each designated project coordinator must assume responsibility for the following:
 - Completion of Scottsdale TLC program application, including a list of participating homeowners/volunteers
 - Ensuring the hold harmless agreement and waivers are signed by all participants using equipment
 - Distribution of the tools
 - Ensuring that all equipment is safely operated
 - Retrieval of the tools
 - Properly securing the trailer and its contents by scheduled pick-up date
 - Return trailer keys at the time of pickup or to Neighborhood Services at the address below
 - Ensuring that all city solid waste containers do not become overloaded or contaminated with prohibited materials (see disposal requirements that follow)

Neighborhood Clean up Program Applicant Must:

- Designate a project coordinator
- Complete an application form
- Submit the application to the City of Scottsdale no later than 2 weeks before project to:

Neighborhood Services

Attn: Clean Up Program Coordinator

7506 E. Indian School Rd.

Scottsdale, AZ 85251

FAX (480) 312-2888

Or email to neighborhoods@scottsdaleaz.gov

- Sign all hold harmless and/or waiver agreements
- Work with city staff to establish a drop-off/pick-up location
- Distribute written notification to neighborhood at least 2 weeks in advance
