

NAOS Enhancement Plan

Staff Approval Submittal Requirements

When native plants in an undeveloped natural area easement are significantly less dense than under natural conditions because of man-made or natural disturbances to the land, the density and number of species of native plants may be increased to approximate the natural conditions of the vegetation community.

- Proposed plants within an enhanced N.A.O.S. easement must be shown to be native to and appropriate for the given region and shall not create an unnatural density or vegetation barrier.

Date: _____ Pre-Application No.: _____ - PA - _____

Project Name: _____ **City Staff Contact:** _____

Project Address: _____

Zoning District: _____ Parcel Number(s): _____ Quarter Section: _____

Request: _____

Is there an outstanding Code Enforcement citation or Notice of Compliance? ___ Yes ___ No If yes, provide a copy.
