RE: NextGen flight paths effecting Scottsdale

Dear Senator Flake,

I'd like you to be aware that I have a real concern about the negative impact on Scottsdale neighborhoods as a result of the Federal Aviation Administration's recent NextGen changes. Clint Chandler, Regional Director, offered his assistance and has received a detailed packet explaining the nature of the complaints, communications with the FAA and other pertinent research.

I ask for your help in finding some mitigating solutions to a serious community problem.

Best regards,
