The Honorable David Schweikert  
U. S. House of Representatives  
1205 Longworth HOB  
Washington, DC 20515

Dear Representative Schweikert,

Thank you for your continued involvement and support with issues related to the FAA flight path changes, including introduction of the *NextGen Flight Path Review and Notification Act of 2016*. Scottsdale residents have also dealt with high levels of aviation noise.

It has come to my attention that FAA Administrator Huerta recently met with Congress Representatives Ann Kirkpatrick and Ruben Gallego as well as Phoenix City Council members to discuss consideration of the City of Phoenix's preferred flight path alternatives. It is my hope that you continue to be engaged on this topic on behalf of Scottsdale residents so that any future flight path changes will also provide relief to our citizens and visitors.

The City of Scottsdale is interested in being included in future conversations regarding the negative effects of these flight path changes as we continue to hear concerns from our citizens. We appreciate your continued support to help the Scottsdale citizens throughout this process.

Thank you again for your help and support.

Best Regards,
