Notes:

On June 4, 2002, Councilmember Lukas recommended the creation of a Council Airport Subcommittee to work with airport staff to develop alternatives to current Scottsdale Airport flight paths. Although no formal appointments are mentioned in Council minute, the subcommittee met for the first time on February 3, 2003.

In the Council minutes of October 17, 2006, it was noted that at their April 2006 meeting, the subcommittee had determined that it had served its purpose and voted to abolish the subcommittee.
