

CITY COUNCIL REPORT

Meeting Date: July 1, 2013
 General Plan Element: *Community Involvement*
 General Plan Goal: *Seek community-wide representation on issues*

ACTION

Adopt Resolution 9445 adopting the Principles of Civil Dialogue which states "As a member of the Scottsdale community, I will genuinely listen; speak respectfully; and be accountable for my words and actions."

BACKGROUND

In January 2011, Scottsdale Leadership Class 25 began challenging themselves to think about civil discourse. It was concluded that while "a healthy community engages in robust public dialogue on important issues" it is also essential for integrity and respect to be part of any discussion or debate. Scottsdale Leadership then developed the "Principle for Civil Dialogue" and in November 2011 Mayor Lane officially proclaimed his support for these principles. Since that time, many civic organizations and public bodies adopted or endorsed these principles and see the value in implementing them as part of their stated core beliefs.

ANALYSIS & ASSESSMENT

Scottsdale Leadership's *Principles for Civil Dialogue* brings public awareness to civil discourse. While genuine listening, respectful speaking and accountability are most often learned early in life, these key leadership traits are often lost in the passion of discussion. The goal of this initiative and resolution are keeping civil dialogue foremost in people's minds as they go about their daily lives.

Significant Issues to be Addressed

During many public outreach efforts, the most significant question was "Aren't these Principles infringing on my right to free speech?" The Principles encourage respectful listening, speaking and accountability. Each statement is written as an I or me statement, so each person takes ownership and responsibility for the Principles. Infringing, inhibiting or enforcing are not aspects of the Principles for Civil Dialogue or this resolution.

Community Involvement

To date, over twenty organizations within Scottsdale and the State of Arizona (listed below) have provided written adoption or endorsement of Scottsdale Leadership’s Principles for Civil Dialogue:

1. Arizona Council for International Visitors
2. Concerned Citizens for Community Health (501(c)(3) funding for Vista del Camino)

Comment for 07/01/13 Item Resolution 9445:

I strongly urge Council to Adopt the Principals of Civil Dialogue. These universal tenets are so important in these days of heightened polarization present in public discourse. We have many problems to solve and creating civil dialogue is the first step in mutual understanding.

Adopting this will send an important message to all residents and visitors that we embrace and appreciate differences and have a welcoming atmosphere for people to live and grow.

Thank you. Jeff Jameson - Chairman - Scottsdale Human Relations Commission
