Sales Tax (Fiscal Year to Date: February 2022)

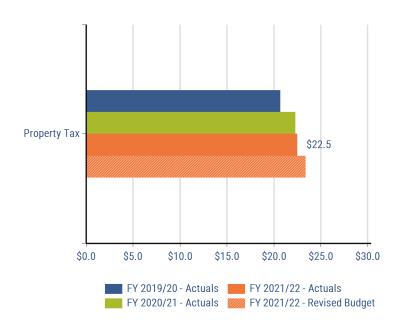

Actual to Revised Budget variance of \$16.3 million or 18%:

The favorable variance is the result of the following: 1) Dining/Entertainment – restaurants doing better than anticipated; 2) Hotel/Motel - hotels doing better than anticipated, an increase in bookings with short term vacation rental properties and a new hotel opening; 3) Major Dept Stores - stores performing better than anticipated; 4) Misc Retail Stores - stores performing better than expected and high online sales; 5) Other Activity – increase in taxable sales from computer software and hardware wholesalers and manufacturers; and 6) Rental - a couple of one-time taxable speculative sales of apartment complexes and an increase in personal property rentals.

State Shared Revenues (Fiscal Year to Date: February 2022)

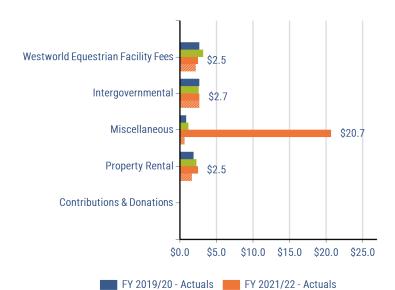

Actual to Revised Budget variance of \$1.3 million or 3%: State Shared Sales Tax is favorable due to greater than expected consumer spending as a result of stimulus funding, more people venturing out of their houses due to lifting of mask mandates and available vaccinations, and to satisfy a pent-up demand for goods and services. It is also due to the continued effects of the 2019 Wayfair Bill on online sales and there being no real reduction in the rate of online shopping which increased substantially during the pandemic. State Shared Income Tax is unfavorable due to revised population estimates based on the 2020 Decennial Census.

Charges for Service/Other (Fiscal Year to Date: February 2022)

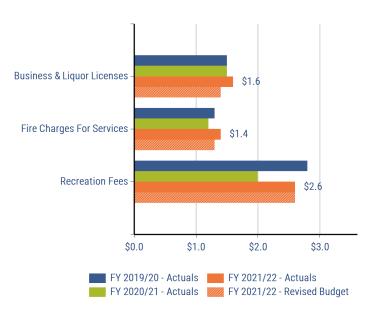

Actual to Revised Budget variance of \$21.0 million or 0%: WestWorld Equestrian Facility Fees is favorable due to higher than anticipated facility rental revenue at WestWorld. The favorable variance would have been greater but is offset by the movement of WestWorld parking revenue to a Special Revenue Fund. Miscellaneous is favorable primarily due to the sale of land at Museum Square and fire station 603. Property Rental is favorable due to higher advance payments of Cell Phone Tower Leases, Outdoor Dining Leases, the Tournament Players Club (TPC) Sportsbook lease payment, and higher TPC revenue shared with the city.

Transfers In (Fiscal Year to Date: February 2022)

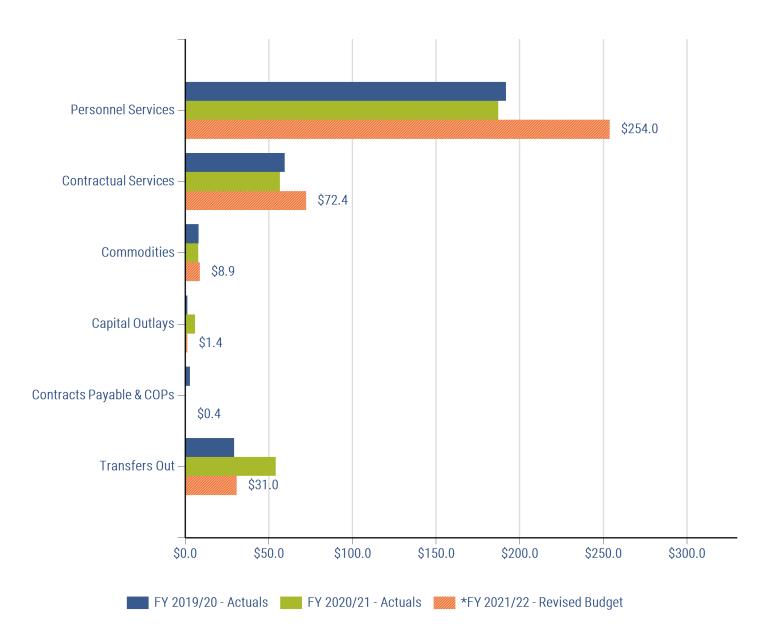

Actual to Revised Budget variance of \$1.4 million or 16%: Transfers In from Special Revenue Funds is favorable primarily due to the Tourism Development Fund reimbursing the General Fund for the purchase of Arizona State Land at Bell Road and 96th Street for WestWorld. While not budgeted, this was authorized by the City Council at the December 1, 2020 City Council meeting.

Personnel Services (Fiscal Year to Date: February 2022)

Actual to Revised Budget variance of \$2.2 million or 1%: Salaries is favorable due to rank promotions and retirements with replacement employees coming in at a lower rate than the person who was promoted or left and fewer part-time expenses due to challenges in recruiting based on the competitive job market. Overtime is unfavorable primarily due to 30 firefighters out of work due to workers comp, off duty injury, COVID protocols, and FMLA. In addition, there are significant vacant Police Officer positions which require the use of overtime to meet minimum staffing levels, staffing needed for two critical incidents, and staffing for the Waste Management Phoenix Open. Retirement has no significant variance, but Budget and Actuals are significantly higher in FY 2021/22 than in previous years due to a large, planned, paydown of PSPRS pension related expenses for Public Safety - Police and Fire.

Healthcare Premium Holiday	-	0.8	-
PSPRS DROP Savings	-	0.2	-
Personnel Services Citywide Adjustments Total	\$6.5	(\$1.5)	\$3.9

Total Saved/(Used) YTD of (\$1.5) million: Expenses in Citywide Pay Program and Compensation Other were used to support employees whose salaries may have fallen below market comparisons and to provide merit based pay increases to employees meeting or exceeding performance expectations. In addition, the city has achieved \$6.2 million in vacancy savings and \$0.2 million in PSPRS DROP savings year-to-date. Finally, savings of \$0.8 million related to the offering of a Healthcare Premium Holiday to be funded by a one-time drawdown of the Healthcare Self-Insurance Fund is reflected as well. This is partially offset by (\$1.5) million in vacation and medical leave payouts.

Contractual Services (Fiscal Year to Date: February 2022)

Actual to Revised Budget variance of \$3.3 million or 7%: Professional Services is favorable primarily due to fewer offenders being sentenced to Maricopa County Sheriff's Office (MCSO) due to COVID-19 restrictions and city judges sentencing to the City Jail, timing of invoices, and a backlog of citations needing to be reviewed resulting in a delay for process services. Travel Training Conferences is favorable due to conferences/trainings being rescheduled/virtualized and the timing of training invoices. Printing Duplication and Filming is favorable due to several divisions spending less on printing informational promotional and materials anticipated. Maintenance and Repair is favorable due to the timing of software and other invoices, a delay in the rollout of the Enterprise Resource Planning (ERP) system, and delays in delivery of maintenance materials resulting in increased project lead times. Rents is favorable due to the timing of machinery and equipment rental costs associated with the Bell Road Sports Complex project.

Utilities	8.6	(5.0)	3.6
Contractual Services Citywide Adjustments Total	\$13.5	(\$8.1)	\$5.4

Total Saved/(Used) YTD of (\$8.1) million: Fuel and Maint and Repair and Utilities are budgeted on a citywide, non-divisional level, which is a tool used by the Budget Department to more accurately track how expenses are occurring by each Division. Fuel and Maint and Repair spending are down due to lower-than-expected fuel use amid high prices. However, fuel is still volatile, and the year is expected to end at target. Maintenance costs are stabilizing but are still lower than normal due to fewer repairs of city vehicles being completed by outside contractors which tend to be more expensive. Utilities is trending favorably due to lower than expected electricity usage. Water expenses continue to be lower than expected due to a heavy monsoon season.

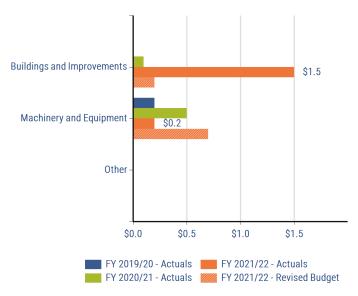

Commodities (Fiscal Year to Date: February 2022)

Actual to Revised Budget variance of \$1.3 million or 24%: Operating Supplies is favorable primarily due to the timing of uniform purchases for Public Safety Police and Fire divisions. The variance is also due to the timing of educational, chemical, and recreation amenity purchases.

Mayor & Council and Charter Officers is favorable due to: 1) a delay in the roll out of the new Enterprise Resource Planning (ERP) system, resulting in savings in software maintenance costs; 2) lower than expected postage and printing costs due mainly to fewer event related jobs being completed than anticipated; and 3) the timing of software maintenance and other invoices.

Community Services is favorable due to: 1) promotions and retirements with replacement employees coming in at a lower rate than the person who was promoted; 2) lower part-time hours due to the depressed job market; 3) the timing of maintenance and rental expenses; and 4) the timing of library, educational, WestWorld inventory, chemical and recreation amenity purchases.
