

**APPENDIX II  
DEMOGRAPHICS  
AND  
HOUSING**

Census tracts were used for the demographic analysis. Census tracts located within the boundary of Downtown Scottsdale were excluded from Southern Scottsdale demographic calculations. Numbers used in this chapter for analysis are from the U.S. Census Bureau, the Maricopa Association of Governments and other published data sources as noted herein. The July 2008 numbers are estimates calculated using 2000 Decennial Census numbers. It is important to note that this analysis does not include housing data. The information on housing is contained in the Housing Chapter of this report.
