# Fourth Program Year Action Plan

The CPMP Annual Action Plan includes the SF 424 and Narrative Responses to Action Plan questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

## Narrative Responses

### GENERAL

#### Executive Summary

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

#### Program Year 4 Action Plan Executive Summary:

This Year 4 Action Plan implements the fourth year of activities that will address goals established in the City of Scottsdale 2005/2009 Consolidated Plan. The major focus of this Annual Action Plan is focusing on providing decent housing and creating suitable living environments.

The needs of low-income seniors, victims of domestic violence, the developmentally disabled, people in poverty and the Community's aging neighborhoods continue. While this Annual Action Plan will focus on the allocation of CDBG and HOME funds, it will also describe the proposed use of other local funds, which are awarded in the same funding process as the HUD grants. These are:

- General funds anticipated to be budgeted for:
  - Regional homeless initiatives
  - Local non-profit providers of human services
  - Preservation and development of work-force and senior housing
- Scottsdale Cares funding

The term of this plan is from July 1, 2008, through June 30, 2009.

The key strategic objectives addressed in this Action Plan are:

- Increase the quality of owner-occupied housing through housing rehabilitation assistance to low and moderate-income households,
- Improve habitability of owner-occupied housing with emergency repair assistance and accommodations for physical disabilities,
- Increase the supply of affordable owner-occupied housing by providing down payment assistance and housing counseling to low and moderate-income households,
- Increase the supply of rental housing by providing acquisition and rehabilitation assistance,

- Preserve the supply of quality rental units in the private market through continuation of Housing Choice Voucher assistance,
- Through direct assistance and participation in the MAG Continuum of Care Homeless Committee
  - Continue financial support to:
    - Regional shelters for the homeless,
    - Local emergency facilities for victims of domestic violence,
    - Local providers of transitional housing for families,
  - Contribute to the Human Services Campus facility,
  - Support the implementation of the Homeless Management Information System (HMIS),
  - Continue emergency homeless prevention services,
  - Advocate for preservation and addition of Housing Choice Voucher,
- Provide a suitable living environment, particularly benefiting low and moderate-income people through public services to:
  - Seniors,
  - Disabled,
  - Victims of domestic violence,
  - Youth,
  - Families and individuals in crisis.

Scottsdale staff led a Maricopa HOME Consortium Team to implement the performance measurement system. During the upcoming program year, Scottsdale will continue to ensure accurate and timely performance on activities to HUD.

## General Questions

1. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.
2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.
3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.
4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

### Program Year 4 Action Plan General Questions response:

1. The jurisdictional boundaries for this Annual Action Plan coincide with the corporate boundaries of the City of Scottsdale. The Census Tract map of Scottsdale is located in the attachments to this document. This action plan does also cover local and CDBG funding to some facilities outside of

- Scottsdale where the need is regional and the share of Scottsdale investment is less than or equal to Scottsdale's proportional share of the regional population. These facilities include:
- a. Central Arizona Shelter Services (CASS)
  - b. Community Bridges
  - c. La Mesita, A Family Shelter
  - d. The East Valley Men's Shelter
  - e. Child Crisis Center East Valley, Family Resource Center
2. CDBG investments will generally be targeted to income eligible people citywide, rather than to targeted neighborhoods. However, with the exception of persons with disabilities and victims of domestic violence who are presumed to be low income, the majority of beneficiaries will reside in Census Tracts south of Indian Bend Road. This area coincides with the South Scottsdale Revitalization Area and is served by an interdepartmental city task force that coordinates the City's revitalizations efforts. Two neighborhoods in this area that have higher percentages of minority and lower income residents are served by the Vista del Camino Center and the Paiute Neighborhood Center. These neighborhoods are areas of focus for Human Services, brokerage agencies, and HOME investments in acquisition and rehabilitation of multifamily developments.
3. Obstacles to underserved needs relative to the geography of the City are:
- a. The geographic shape of Scottsdale,
  - b. The relative age of the built environment in the southern part of the community compared to the newer and larger master-planned, northern area of the City,
  - c. The rapid appreciation of residential property in all of Scottsdale,
  - d. The aging of residents in the southern part of the community.

To address these obstacles during the next year, the City:

- a. Will continue:
  - i. Increased levels of code enforcement,
  - ii. Waiver or reduction of building permits for property improvements south of Indian Bend,
  - iii. The *Rock the House* program to assist income qualified families with low water use landscaping.
- b. Will continue to target capital improvements including but not limited to:
  - i. Renovation and expansion of the Vista del Camino neighborhood center,
  - ii. Neighborhood oriented public improvements,
  - iii. Planning for redevelopment of the Skysong center at Scottsdale and McDowell Road,
  - iv. Continued revitalization of the downtown area.
- c. Will continue:
  - i. Housing rehabilitation and emergency repair services to low income households,
  - ii. Home ownership counseling and purchase assistance,
  - iii. To provide tax counseling assistance at Senior Centers.
- d. Will continue to develop services and programs to support the aging senior population, including but not limited to:
  - i. Continue services that assist seniors with

1. Housing rehabilitation
  2. Emergency repair
  3. Landscaping, clean-up and minor repairs.
4. The City of Scottsdale will utilize the federal CDBG, HOME, ADDI, and Section 8 program to assist people. On a local level, Scottsdale allocates general funds for social service and affordable housing project. In addition, a utility bill donation program allows residents to donate \$1 on every utility bill to be allocated to social service agencies.

Resource	Dollar Amount
CDBG*	\$1,283,629
HOME**	\$519,670
ADDI	\$3,778
Scottsdale Cares (Utility Bill Donation Program)	\$240,000
Local General Funds	\$200,000
Local Endowment Fund	\$3,300
Section 8 Housing (includes HAP, Admin, FSS Coordinator Grant)	\$5,320,618
<b>TOTAL</b>	<b>\$7,570,995</b>
* Includes \$131,379 of reprogrammed funds from prior years.	
** Includes \$100,000 from the Scottsdale General Fund to support affordable housing projects. Plus \$70,644 in unprogrammed HOME funds and \$7,898 in program income.

## Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

### Program Year 4 Action Plan Institutional Structure response:

Current plans for further development of the delivery system for housing and community development include:

- Staffing issues,
  - Home ownership,
  - Housing rehabilitation,
- Maximizing community resources for revitalization.

The CDBG Funding Formula Report proposed by HUD could be detrimental to Scottsdale's CDBG Program. To date, the bill has not been sponsor by a member of Congress. If the report passed, Scottsdale would have to reevaluate and reduce funding to public service and housing activities.

Development of other community resources is ongoing and will continue. Past examples include:

- Regional cooperation in:
  - The Maricopa HOME Consortium
  - The MAG Continuum of Care Committee on Homelessness,
  - The East Valley Needs Assessment,
- Local initiatives, including:
  - Brokerage licenses to non-profit service providers in City facilities,
  - The *Scottsdale Cares* utility donation program,
  - General fund allocations to regional homeless facilities,
  - General fund support for acquisition and preservation of housing,
  - The *Rock the House* program.
  - STOMP program

## Monitoring

1. Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

### Program Year 4 Action Plan Monitoring response:

- Monitoring began at the application process for the development of the Annual Action Plan.
  - Each application for funding was reviewed for compliance with national objectives and the Consolidated Plan.
  - A proposal evaluation sheet or "blue sheet" was provided to the agency and the Human Services Commission prior to the annual review of funding requests. This document identified issues related to prior year audits, budget, performance measures and past performance.
- The second monitoring step will be the review of invoices for reimbursement of costs incurred against the grant. This will occur before reimbursements are authorized for contracted work.
- The more formal monitoring will begin with a risk assessment of all grant funded projects and subrecipient contracts. The risk assessment will consider
  - size of the grant contract,
  - changes in organizational structure, and
  - how long it has been since the last on site monitoring.
  - For HOME funded multifamily projects, the risk assessment also includes whether it has been more than two years since the last on-site monitoring.
- Based on the risk assessment, there are three possible options:
  - Review of monthly invoices only,
  - Desk review,
  - On-site monitoring. An on-site monitoring follows a formal monitoring checklist and may result in
    - findings,
    - concerns, or
    - suggestions for improvement.
  - The agency will be given an opportunity to correct any findings.
  - The need for follow-up review will be considered in the risk assessment for the next year and corrections to prior year findings will be specifically included in the subsequent monitoring.

## **Lead-based Paint**

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

### **Program Year 4 Action Plan Lead-based Paint response:**

Scottsdale will continue to test homes constructed prior to 1978 for lead-based paint in compliance with HUD' lead based abatement requirements at the time households seek assistance from the City.

## HOUSING

### Specific Housing Objectives

\*Please also refer to the Housing Needs Table in the Needs.xls workbook.

The following is a list of resources that may be available and utilized by the City or by private non-profit or for-profit housing providers in the next year. No numeric goals are proposed for these resources. However, housing assisted by these resources will be reported in the Consolidated Annual Performance and Evaluation Report and counted toward overall five-year goals.

- FSS escrow accounts
- Section 8 homebuyer assistance
- State Housing Trust Funds
- IDA bonds
- Affordable Housing Bonds
- Arizona Homebuyer Solutions
- Individual development accounts
- IDEA grants, Low Income Housing Tax Credits
- Private loans and equity

## Needs of Public Housing

1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.
2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

### Program Year 4 Action Plan Public Housing Strategy response:

The City of Scottsdale Housing Agency does not own any public housing units. The City's Housing Choice Voucher Program consistently receives designation as a "High Performer" in its annual audit of the Section 8 Management Assessment Program.

The primary goal for the Housing Choice Voucher Program for the coming year will be to preserve, to the extent possible given funding allocations, the same number of assisted families in the rental assistance program.

## Barriers to Affordable Housing

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

### Program Year 4 Action Plan Barriers to Affordable Housing response:

The following actions will be taken during the following year to address barriers to affordability during the next year:

- Regulatory action: Continue a program of reduced and waived building permit fees for rehabilitation and remodeling of residential properties south of Indian Bend Road.
- Programs to support property maintenance for senior, disabled and low-income home owners:
  - City of Scottsdale General Funds:
    - *Rock the House*: This program provides landscape rock to low-income homeowners who desire to conserve water and eliminate blight in front yards.
    - *STOMP: Scottsdale Teens On a Mission for Progress* provide assistance with clean up and household tasks for senior and disabled homeowners.
  - Federal assistance administered by Scottsdale:
    - Acquisition of older rental units to preserve affordability,
    - Housing rehabilitation and emergency repair assistance to extend livability of owner-occupied housing.
    - Homeownership assistance through:
      - Section 8 FSS escrow accounts
      - Homebuyer education and assistance.

## **HOME/American Dream Down payment Initiative (ADDI)**

1. Describe other forms of investment not described in § 92.205(b).
2. If the participating jurisdiction (PJ) will use HOME or ADDI funds for homebuyers, it must state the guidelines for resale or recapture, as required in § 92.254 of the HOME rule.
3. If the PJ will use HOME funds to refinance existing debt secured by multifamily housing that is that is being rehabilitated with HOME funds, it must state its refinancing guidelines required under § 92.206(b). The guidelines shall describe the conditions under which the PJ will refinance existing debt. At a minimum these guidelines must:
  - a. Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing.
  - b. Require a review of management practices to demonstrate that disinvestments in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.
  - c. State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.
  - d. Specify the required period of affordability, whether it is the minimum 15 years or longer.
  - e. Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under 24 CFR 91.215(e)(2) or a Federally designated Empowerment Zone or Enterprise Community.
  - f. State that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

The Consortium Consolidated Plan establishes the Strategy and Action Plan for housing activity for the Consortium and, specifically, the use of HOME/ADDI funding as the resources for the implementation of that Plan. As mentioned previously, that Consortium Consolidated Plan is incorporated by reference in this plan.

Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.

JAN 11 2006

Honorable Mary Manross  
Mayor of Scottsdale  
3939 N. Drinkwater Blvd.  
Scottsdale, AZ 85251

Dear Mayor Manross:

**SUBJECT:** City of Scottsdale, Arizona  
Annual Community Assessment  
Program Year 2006

The U.S. Department of Housing and Urban Development (HUD) Office of Community Planning and Development (CPD) annually reviews the performance of communities managing their Community Development Block Grant (CDBG), HOME, Emergency Shelter Grant (ESG), and Housing Opportunities for Persons With AIDS (HOPWA) program funds. The City of Scottsdale is a direct recipient of the Community Development Block Grant (CDBG) and receives an allocation of HOME funds through its participation in the Maricopa HOME Consortium. In Program Year (PY) 2006, the City of Scottsdale was awarded \$1,186,783 in CDBG funds and \$360,382 in HOME funds.

Our office reviewed the City's 2006 Consolidated Annual Performance and Evaluation report (CAPER). During the program year, the City spent \$1,980,394 million of its CDBG resources and met timeliness requirements under the CDBG program rules. Based upon our review and other available information, we have determined that the City of Scottsdale has the continuing capacity to implement and administer its CDBG program.

This year, HUD instituted a new Performance Measurement System for all grantees. This system will enable cities to evaluate projects ensuring that Consolidated and Annual Plan goals are met, and assess how projects impact communities and the lives of residents in addition to reporting the results of housing and community development programs to the public and to Congress. The City's CAPER reflects its efforts and accomplishments relative to the goals, outputs and outcomes established at the beginning of the program year. Our review of the CAPER found that Scottsdale continues to make progress in addressing its performance goals. Access to decent housing is provided through the City's Housing Rehabilitation Program, and Repair and Homebuyer Assistance Programs as administered through subrecipients. In addition, plans for the

SkyVista project to provide low and moderate-income homeownership opportunities with mixed with market rate housing are moving forward with continued acquisition. Community Services of Arizona acquired 12 rental units during the program year at the SkyVista site. Public services maintain a focus on youth services, homeless prevention, and special needs including a job training and placement program for adults with disabilities.

We look forward to continuing our partnership with the City of Scottsdale. If you have any questions, please do not hesitate to contact me, at (415) 489-6598, or your CPD Representative, Noemi Ghirghi, at (602) 379-7173.

Sincerely,
