Anti-Meth Coalition

OUR MISSION

The Northeast Valley Coalition Against Methamphetamine will empower and engage the community to become meth-free through education, awareness and by providing access to resources. [View 2007 Progress Report](#) (pdf / 399 KB / 8 pp)

ABOUT THE COALITION

The Northeast Valley Coalition Against Methamphetamine is a local effort to coordinate a community-based response to the methamphetamine problem. The coalition includes the communities of Carefree, Cave Creek, Fort McDowell Yavapai Nation, Fountain Hills, Paradise Valley, Salt River Pima-Maricopa Indian Community and Scottsdale. [View map](#) (pdf/121 kb/1 pg)

HOW TO GET INVOLVED

The Coalition is an all volunteer organization. It is led by a [steering committee](#) of community representatives with staff support provided by the City of Scottsdale. The best way to get involved in the Coalition is to [attend](#) the community workshops held quarterly and get involved in one of the three Coalition's subcommittees. Staff contact information for each of the subcommittees is available [here](#). The steering committee is currently seeking applications for new members. The application is available [here](#). All Coalition meetings are open to the public. At this time there are no paid positions with the Coalition.

SUPPORT FOR THE COALITION

A \$30,000 grant to help implement the coalition's [strategic plan](#) (pdf / 272 kb 39 pp) was provided by the Arizona Governor's Office for Children, Youth and Families, Division for Substance Abuse Policy. A \$25,000 grant was also provided by the Salt River Pima-Maricopa Indian Community. The City of Scottsdale provides staff support to the Coalition's efforts as well as venues in which to hold monthly meetings.

1. Why are you interested in serving on the Coalition's Steering Committee?	Since I am an active member of the coalition and the Youth Awareness sub-committee, I feel that I can make more of a contribution as a member of the Steering Committee. As a representative of SUSD, I fortunately have access to a large portion of the children and families that are served by this coalition.

<p>2. How do your education, background and/or experiences prepare you for this position?</p>	<p>I have been in the field of prevention for over 15 years. I have a BS in Community Health Education and a Masters in Social Work. Currently, I am the Coordinator of Youth Development for SUSD, where I coordinate all prevention and social service programs. I am also trained in many prevention programs, including the Search Institute's workshops on youth development and the 40 developmental assets. I am the current President of the Paiute Neighborhood Center and the President-Elect/Conference Chair for the AZ Adolescent Health Coalition. Through my experience in Scottsdale Leadership and being a resident and employee in Scottsdale for the past 8 years, I have had the opportunity to network with many of today's community leaders. I also have an innate belief in actively supporting the community that I live in. I believe that I would make a positive addition to the steering committee.</p>

Just Once: The Danger of Methamphetamine

To police and DEA officers, methamphetamine is the drug they hate most. It's cheap, easy to make, and highly addictive, even after one use. "Meth" is ruining entire rural areas and towns across America and spreading. Learn the devastating health risks and behavioral dangers, and what some people are doing to fight back. Here are the stories profiled in this Cox7-AZ special airing in the Fall of 2007.

**just say
no**

- * **Jamie**, a 19-year old former honor student who tried meth at the beginning of her senior year in high school, became addicted almost instantly and dropped out of school after being jailed on meth possession charges.
- * **Mike** tried meth for the first time during a freshman art class. Mike was blinded in an explosion of a homemade lab he was using to make the drug.
- * **Meghan** was a casual pot and cocaine user in high school. When Meghan tried methamphetamine, she could not control her addiction until she voluntarily entered rehab. She is a rare success story that has not used meth for over a year.

Cox Connect with Kids programs feature real kids, true stories, experts and educators...a way to help parents and kids start a conversation about the tough topics kids face every day.

Youth Summit

October/November 2007

- A SUSD location will be selected to host a private screening of “Just Once” for middle school and high school students. SUSD will also host an additional screening for youth organizations across the Valley.

- Immediately following the private screening, a youth summit will be conducted and videotaped. A “teen council” comprised of pre-selected students active in anti-drug initiatives and experts in the field of prevention and services will participate.
- Clips from the Youth Summit will be incorporated into a one-hour program on Cox7-AZ.

Youth Summit

October/November 2007

- A one-hour special called *My Voice, My Choice* will air on Cox 7. The program will feature "Just Once" and videotaped clips from the Youth Summit.

- A custom website will promote the program from October 1, 2007 through June of 2008. Parents and teachers can view streaming video of the hour-long special along with ninety-second news pieces on related topics. Parent/teacher educational resource materials will be downloadable and available in both English and Spanish. Streaming video will be available in both English and Spanish.

Introduction to Meth360™

Meth360 exists for four primary reasons:

- to inform communities about the risks of methamphetamine
- to motivate communities and concerned citizens to take action against meth and to protect their neighborhoods and families from the threat of methamphetamine
- to motivate parents and caregivers to talk with their kids about meth and other drugs
- to build a lasting “human infrastructure” of citizens within a community who care about the substance abuse issue and will continue to share information and educate others

Among the presentation materials in your Meth360™ kit you will find a CD. This contains the following electronic files:

- Meth360 PowerPoint Presentation – Original version for parents or groups (45 minutes)
- Meth360 PowerPoint Presentation – Short version for parents or groups (30 minutes)
- Meth360 Supporting Documents – Supplemental Information

ABOUT METH360

Meth360 is an exciting opportunity for anyone who is seeking to address the methamphetamine problem, or the larger issue of substance abuse, in Arizona. This kit is designed to help you implement a meth prevention program immediately. The primary goals of this campaign are prevention, education and community mobilization.

The Meth360 program, initially driven by the Partnership and brought to life by concerned citizens, creates a human infrastructure that produces lasting change in communities battling meth. With local leadership and nurturing, this infrastructure will be self-sustaining beyond the Partnership’s initial venture— it will be in place and functioning after the meth issue is brought under control and the next new threat is looming. Communities will be better poised to meet new challenges which can, and will, come their way.

Subject: Coalition Budget for Subcommittees

Steering Committee,

I have received several questions about the budget available for subcommittees. I have reviewed our Phase II submittal and summarized the available funds by subcommittee. Here is my assessment of the amounts as they are currently broken out. As we get further along in our implementation, we can make adjustments as needed. To date, none of the below monies have been expended. We can discuss further at our August 23 meeting.

General Coalition/Steering Committee - Total \$3,350 Printed Material \$2,350 Community Workshops and Meetings Supplies \$1,000

Crime Impacts Subcommittee - Total \$7,400 Shredding Events \$2,400 Printed Material \$3,000 Community Meetings Supplies \$2,000

Resource Directory Subcommittee - Total \$7,500 Printed Material \$7,500

Youth Awareness Subcommittee - Total \$18,500 Grant with non-profit to contact Meth Prevention Day Community Events \$10,000
Printed Material \$3,000
DVD Production and Reproduction \$3,000
Community Meetings Supplies \$2,500
