Request for Determination if Funding is Available for Public Water/Sewer Line Extension

Property Address: _____

City Civil Plans Reviewer: _____ Civil plans check # _____

Owner/Contact: _____

Phone: _____ Fax: _____ E-mail: _____

Address: _____

Documents Required:

1. Half-size copy (12x18 or 11x17) of the water/sewer improvement plans
2. Extension diagram showing adjacent properties and frontage dimensions
3. Contractor's construction cost estimate

General Information:

Per City Code Section 49-224 and 49-227, single family property owners required to extend public water/sewer lines to their property may be eligible for the City participation.

This application along with the required documents must be submitted to the Water Resources Department no earlier than the City's request for final mylars of the water/sewer improvement plans for approval, and no later than 60 days after the issuance of water/sewer construction permits.

Contact the Water Resources Department within 60 days after the dated letter of acceptance for the public water/sewer construction, to develop the line payback agreements.
