## **Background Timeline**

| Date                | Action                                                                                                                                                             |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Sept. 18, 2014      | FAA RNAV Flight Changes implemented at Phoenix Sky Harbor                                                                                                          |
| Late Sept 2014      | Aviation staff begins research into factors behind complaints, works with Phoenix Sky Harbor Aviation Department staff and FAA                                     |
| Oct. 8, 2014        | Aviation staff met with FAA officials to discuss complaints being received in some Scottsdale areas.                                                               |
| Dec. 9, 2014        | Mayor Lane sent this <u>letter</u> (PDF) to FAA Regional Administrator voicing concerns about NextGen and request noise mitigation; copied Congressman Schweikert. |
| Dec. 8 and 19, 2014 | Aviation staff met with FAA officials discussing Sky Harbor Flight Paths, reviewing data and citing impacts to SDL flight paths.                                   |
| Dec. 23, 2014       | Response <u>letter</u> (PDF) from FAA Regional Administrator to Mayor                                                                                              |

| Date           | Action                                                                                                                                                                                        |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Jan. 21, 2015  | Mayor writes follow-up <u>letter</u> (PDF) to Mr. Glen Martin asking FAA to review procedures and flight patterns over McDowell Mountains, included Congressman Schweikert on correspondence. |
| Feb. 20, 2015  | Mayor's Office receives <u>letter</u> (PDF) from FAA Regional Administrator regarding the departure procedures from Phoenix Sky Harbor which overfly northern section of Scottsdale.          |
| Feb. 2015      | Aviation Staff met with FAA representatives to share concerns from residents about noise impacts                                                                                              |
| March 23, 2015 | City staff met with FAA officials to share concerns and provide information from affected areas. FAA agreed to review this information and flight radar data.                                 |
| March 27, 2015 | FAA informs the City of Scottsdale about initiation of Phoenix Metroplex Project. Notice (PDF)                                                                                                |
| March 30, 2015 | Mayor and Council Office sends <u>letter</u> (PDF) to Senator Flake.                                                                                                                          |

| Date           | Action                                                                                                                                                                                                                                                        |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| April 6, 2015  | Scottsdale Aviation Department collaborated with City of Phoenix on information for their community meeting.                                                                                                                                                  |
| April 7, 2015  | Mayor and staff meet with Congressman Schweikert and residents to listen to his plan for improvement. <u>Letter</u> (PDF) sent to Senator McCain.                                                                                                             |
| April 13, 2015 | City of Phoenix held community meeting with Phoenix residents located west of Scottsdale Airport and shared results of noise measurement study, included Scottsdale Airport information; and presentation stated no major changes to Scottsdale flight paths. |
| April 23, 2015 | Scottsdale Airport Director signs <u>letter</u> (PDF) from a coalition of airports in response to Phoenix Metroplex.                                                                                                                                          |
| April 24, 2015 | Scottsdale Airport Director sends separate <u>letter</u> (PDF) regarding EA for Phoenix Metroplex.                                                                                                                                                            |
| April 30, 2015 | Letter (PDF) from Senator McCain                                                                                                                                                                                                                              |
| May 5, 2015    | City Council members asked for Aviation staff presentation about noise abatement program and RNAV/Metroplex, view <u>video</u>                                                                                                                                |

| Date          | Action                                                                                                                                                                                |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| May 13, 2015  | Aviation staff met with FAA officials to continue discussion on impacts of Sky Harbor changes to Scottsdale and ask for evaluation of potential for procedural changes.               |
| July 22, 2015 | Directors of Arizona airports within the FAA's Phoenix Metroplex Project area sent this <u>letter</u> (PDF) to the FAA following up on requests that were made in an April 23 letter. |
| July 28, 2015 | City asks for cooperation of two flight schools to minimize overflights and noise in northern Scottsdale <u>Letter</u> (PDF)                                                          |
| Aug 12, 2015  | Mayor and Council office sent <u>letter</u> (PDF) to FAA Administrator                                                                                                                |
| Sept. 9, 2015 | McCain-Flake sent letter to FAA Administrator                                                                                                                                         |
| Oct. 12, 2015 | Arizona League of Cities sent <u>letter</u> (PDF) to FAA Administrator                                                                                                                |
| Nov. 9, 2015  | Mayor sent <u>letter</u> (PDF) to Representative Schweikert                                                                                                                           |
| Nov. 19, 2015 | Senate action on bill which includes McCain-Flake flight path amendment is on hold until at least Monday, Nov. 30 Article                                                             |

| Date          | Action                                                                                                            |
|---------------|-------------------------------------------------------------------------------------------------------------------|
| Nov. 24, 2015 | Valley mayors sign <u>letter</u> asking Senate to support McCain-Flake amendment                                  |
