

Audit Committee (Finance Audit Committee and Finance Committee)

Status: Inactive (final disposition unknown)

Created: 3/1/1960

Ended:

Description: Not much about the Finance Committee can be derived from the Council minutes. Apparently, the committee reviewed claims and recommended them for payment to the full council for approval. The council report for June 30, 1986 states that the Finance/Audit Subcommittee is responsible for reviewing the City's financial and audit procedures.

Notes:

The March 8, 1960 Council minutes reference the Finance Committee for the first time. Initially, the committee had two members. On September 4, 1963, the number of members increased from two to three members. For many years, the only mention of the Finance Committee was in the minutes showing that the Council approved claims as recommended by the Finance Committee.
