Mary Witkofski, Interim Community Assistance Office Manager, presented information on the FY/2022/2024 Community Development Block Grant (CDBG) Annual Action and the estimate City of Scottsdale allocation of \$1,190,264. She noted that CDBG funding must be used for the following national objectives:

- Benefit low- and moderate-income persons and communities
- Elimination of slum and blight
- Urgent need in the community

Eligible programs would include public services, housing rehabilitation, acquisition of real property, public facility improvements, economic development, planning and administration. The City of Scottsdale is proposing the following activities with the CDBG funds:

- Public services
- Mental health
- Adolescent health services with our youth family services
- Non-profit funding award allocations
- Public facilities improvements including Eldorado Park Playground replacement
- Housing rehabilitation through the emergency repair, roof repair, and green housing rehabilitation programs
- Planning and administration
- A heat mitigation study through the Office of Environmental Initiatives

Ms. Witkofski noted that the 2021 HOME investment Partnership Program funds are in the amount of \$269,000. These funds are set aside for acquisition and rehabilitation of affordable housing. The City will receive in program year 2022 funds the amount of \$366,675, of which the full amount will be set aside to start a tenant-based rental assistance program for the elderly population who have been displaced or are at greatest risk of being displaced and are more than 50 percent cost-burdened to pay rent. Staff is proposing public services in mental health adolescent health services as a set aside, and then non-profit funding award allocations. There were no members of the public who wished to comment on the FY 2023/2024 Community Development Block Grant Annual Action, HOME Investment Partnership Program and an Estimated City of Scottsdale Allocation of \$1,190,264 for CDBG, Reallocation of HOME of \$269,000 and HOME funds of \$336,675.

#### 3. Human Services Funding Priorities and Core Programming

Greg Bestgen, Human Services Director, and Sue Oh, Human Services Center Supervisor, provided an overview of vital programs, services, and funding priorities for the Human Services Advisory Commission. They explained that while many important City services are funded from various sources, some vital services are at risk of not being funded. One thing that is known is that services involving housing

plus wraparound services are successful. Mr. Bestgen gave examples of successful programs such as Phoenix Rescue Mission and Community Bridges that are funded for "additional resources" when individuals leave day relief centers. He talked about the success of the temporary bridge housing program, the workforce villages program, the Roadway Inn program, Phoenix Rescue Mission's navigation program, St Joseph the Worker Villages program, and ELAINE and reviewed costs of programs over the past few years. Ms. Oh reviewed the three core programs that staff would like to continue in the City of Scottsdale:

- Day Relief Centers with a projected contract renewal of \$200,000.
- Will Work Program at a cost of approximately \$88,000 per year for four individuals to work at minimum wage for three days a week.
- Outreach and Navigation Services at a projected cost of \$200,000 for a full year of service.

Mr. Bestgen said that although housing alone does not solve homelessness, supportive services, wraparound services, and community does. The three core programs were previously funded through CARES funding, which is no longer available. Staff does look for grant opportunities. He noted that any funding that is acquired through Maricopa County must be approved by City Council.

Commissioners were given an opportunity to ask questions. Mr. Bestgen said that program contracts would be awarded through an RFP process.

#### 4. FY2023-2024 Funding Allocation (Informal Recommendations)
