BACKGROUND

As per the Commission’s approved 2023 Spirit of Scottsdale Award Program Parameters, the Commission will:

1. Recognize one individual and one business or organization within Scottsdale that help to strengthen and build Scottsdale's community through their commitment to and involvement in neighborhoods, with consideration on:

2023 SPIRIT OF SCOTTSDALE AWARD PROGRAM

The 2023 Spirit of Scottsdale Awards Program work plan was approved by the NAC on April 26, 2023, to recognize the people and places that embody the “Spirit of Scottsdale” – particularly neighborhood stewardship and how a person or place contributes to Scottsdale physically, aesthetically, or socially. Accordingly, the approved parameters will recognize one individual and one business/organization for Scottsdale.

Staff utilized web and social media (Nextdoor, CityLine, Neighborhood newsletter, Scottsdale Update, P&Z Link, volunteer e-newsletter, etc.) to notify Scottsdale citizens about the program, with submissions accepted through December 31st, 2023.

For 2023, there were a total of 17 nomination submissions. Submissions collected represent 16 unique nominations – consisting of five (5) Individual and eleven (11) Business/Organizations (Enclosure 1). The following outlines the 16 nominees and their respective amount of nomination submissions:

2023 SPIRIT OF SCOTTSDALE AWARD DETERMINATION

This agenda item allows for review, discussion, and determination of one award winner for each category (Individual and Business/Organization) by the NAC, specific to the 16 nominees for 2023. Once category winners are selected, they will be notified and invited to attend a future City Council meeting to be formally recognized.

To determine the award winners, the Commission will utilize the ranked-choice process. Each commissioner will indicate his or her choice for each category, which shall be recorded as an affirmative vote for that nominee. The nominee with the majority of votes will be selected for that category. In the event of a failed majority, those candidates with the fewest votes are eliminated and the process is repeated for the remaining candidates until a majority vote is achieved and a winner is selected.

STAFF RECOMMENDATION

Staff recommends that the NAC determine the following:

- Select One (1) 2023 Spirit of Scottsdale Award winner for each category (Individual and Business/Organization); and
- Nominate no more than two (2) members of the Neighborhood Advisory Commission to represent the commission at a future City Council meeting, recognizing award program recipients.

Lauren Click - 1 Nomination Received

7901 E Keim Drive

“Lauren Click is 26 years old, an Arizona native, and has resided in Scottsdale since 2019. Since 2019, she has lived in South Scottsdale, Central Scottsdale, and North Scottsdale, understanding the major differences in each of the cities regions. She is a sustainability advocate.

In early 2020, Lauren was fortunate to receive an electric composter as a gift as a way to incorporate sustainability into her indoor gardening efforts while quarantined in her North Scottsdale apartment. It made her realize how she could reduce her direct impact on the environment, even while living in an apartment. This spurred further interest in sustainability actions she could take.

In February of 2021, Lauren and her neighbors at the North Scottsdale apartment complex noticed illegal dumping in the desert behind the building, all from a nearby developer. She organized a trash clean up, as featured in the Scottsdale Progress newspaper.

In 2022, after moving from North Scottsdale to McCormick Ranch, Lauren continued her passion for sustainability and began her non-profit, Let's Go Compost. Let's Go Compost works to reduce greenhouse gas emissions and waste sent to landfill, all while creating a valuable soil amendment that reduces water usage, through free compost tools and education to the public, with an emphasis on school and community gardens.

(Continued on the following page)

INDIVIDUAL NOMINEE

Since receiving her 501c3 status in February 2023, Lauren has raised \$60,000 for her non-profit, gathered 40+ volunteers, donated 500 compost bins, kept 1,250 lbs of plastic out of Maricopa County landfills, donated 1,500 seed packets, and plans on creating 100 school gardens in Maricopa County in 2024 with a goal of helping all interested public schools in Scottsdale.

In July 2023, Lauren also secured a \$7,500 grant through Scottsdale's Neighborhood Advisory Commission Neighborhood Enhancement Grant Program to install a native, xeriscape pollinator garden at Agua Linda Park in Central Scottsdale. She gathered approximately 30 volunteers on December 16, 2023 to install over 35 desert plants and 5 trees that all promote pollination were installed at Aqua Linda Park. This project was in partnership with the Neighborhood Advisory Commission and was an approved Neighborhood Enhancement Grant Proposal.

Lauren's sustainability initiatives have enhanced Scottsdale's value through long-term environmental and social responsibility and improved quality of life for citizens who participate with her programs. She was nominated, though not selected, by Mayor David Ortega for Scottsdale's Environmental Advisory Commission in November 2023. She plans to reapply for a seat on the Commission in the March 2024 and May 2024 vacancies.

It's important to note that Lauren does not receive any compensation for any of this work. She works full-time, outside of the realm of sustainability, and purely manages all of these projects in her free time. She has been listed as an Emerging Sustainability Leader by Arizona Forward. For these reasons and more, I believe she exemplifies the Spirit of Scottsdale."

Jackie Parks - 1 Nomination Received

3421 N Hayden Rd

“Pastor Jackie Parks has been serving the South Scottsdale community for over five years. She is the pastor at South Scottsdale Presbyterian Church and a Scottsdale resident. With one volunteer, Jackie opened the doors to the church and started a shower ministry in 2018 and served 6-10 people per week. Jackie has made serving the community a life mission and she does it with so much love and sincerity.

Jackie works tirelessly to serve the most vulnerable in the community and in order to expand the Day Relief Center and the services that she provides, she recently established a 501C-3 non-profit organization, Community House. Community House partners with five community partners including the City of Scottsdale and provides showers, toiletries, clothing, hot meals, case management, behavioral health and physical health care and so much more. The church now serves over 70 people per week with 40 volunteers.

Jackie builds relationships with everybody who visits the church and listens to their story. Neighbors of Helping Neighbors - 1 Nomination Received

9375 E Shea Blvd

"Members of the Scottsdale's Neighborhood Advisory Commission,

On behalf of Neighbors Helping Neighbors, I am pleased to submit this nomination for the Spirit of Scottsdale Award.

Neighbors Helping Neighbors (NHN) is a nonprofit organization that has been making a difference in Scottsdale for more than 10 years. NHN is run entirely by volunteers who are passionate about helping their neighbors in need. Every dollar donated to NHN goes directly to the community, supporting programs that benefit children, veterans, and low-income families. NHN works closely with local partners to provide essential services and resources to those who have no other options.

NHN was founded in 2013 by a group of caring citizens who wanted to fill the gaps in the social safety net. Since then, NHN has given over \$500,000 and 10,000 volunteer hours to improve the lives of over 80,000 people. NHN listens to the community and responds to its changing needs with innovative and effective solutions.

Some of the programs that NHN supports are: Honor Flights, Camp Sunrise, Shop with a Cop, Mana House, St. Mary's Foodbank, Operation Fix-it, Camp Kesem, City of Scottsdale Senior Program, Help, Rebuilding America, Ronald McDonald House, Adopt-a-street, and many more.

These personal stories demonstrate NHN's profound impact, and continue to inspire NHN to increase the support it provides within the community.

The Shop with a Cop program is a heartwarming initiative that brings joy to the lives of children from underprivileged or struggling families. These children are given the opportunity to spend a special day shopping for holiday gifts alongside police officers and military personnel. NHN provides financial support to fund the shopping experiences for a significant number of children who participate in the program. NHN volunteers also attend each shopping day, where they can bag the children's purchases at checkout. It is a humbling experience that has a profound impact on NHN's members and has inspired the organization to increase its fundraising efforts to further expand the Shop with a Cop program.

(Continued on the following page)

BUSINESS / ORGANIZATION NOMINEE

Over the years, NHN has met thousands of children through the program, with two to three hundred children attending a typical Shop with a Cop event. If you were to ask an NHN member about their most memorable experience at a Shop with a Cop event, it is highly likely that they would tell you about a remarkable boy named Samuel.

Samual touched the hearts of many people with his generosity and courage. He arrived at the store with a big smile on his face and bright eyes, eagerly greeting the NHN members who were part of the Shop with a Cop program. He expressed his gratitude for the opportunity to buy gifts for his family, and instead of choosing anything for himself, he carefully selected basic items and presents for his parents and siblings. Samual also shared his passion for learning and his dreams for the future, telling the volunteers that he wanted to take care of his family and achieve his goals.

As he was checking out, a stranger who had witnessed the scene was moved by Samual's kindness and spirit. The stranger decided to do something special for him and bought him a laptop as a gift, saying that he wanted to support a kid who was doing well in school and deserved a reward. He did not ask for anything in return, he simply wanted to make Samual happy. Samual felt incredibly special and happy because he had the opportunity to participate in the Shop with a Cop program. Not only did he get to buy gifts for his family, but he also received a gift that would help him achieve his dreams. The kindness and generosity of the NHN members and the stranger who gave him the laptop made a lasting impact on Samual, and he left the store feeling grateful and inspired.

NHN and its partner, Rebuilding Together, assist seniors who have difficulty with stairs by constructing ramps for their homes. One of their beneficiaries, Mary, a former nurse who lost her vision and mobility after a series of health challenges, was confined to a wheelchair and isolated in her home for four months. Mary felt incredibly lonely and overwhelmed by the trash that had accumulated in her home. However, NHN came to her rescue by building a ramp for her and helping her clean up her environment. Mary was overjoyed and deeply grateful for NHN's kindness and compassion. Tears of joy streamed down her face as she was able to go outside for the first time using her new ramp. Her story is a powerful example of how NHN makes a difference in the lives of seniors who have fallen through the cracks.

Thank you for your time and consideration.

PREVIOUS AWARD WINNERS

2019 PROGRAM WINNERS

INDIVIDUAL AWARD - Marilyn Perkins

"Marilyn is a tireless volunteer and a terrific person with a HUGE heart. She is a mentor among her peers, has been an Ambassador for the City for more years than the program has been with the City, a navigator to visitors at the airport. She is also looked to for input with her complex. Marilyn offers her time and expertise any time she is asked. She gives more volunteer hours than any other Ambassador. When the City took the program over Marilyn stepped in (and continues) to help. When I think of "The Spirit of Scottsdale" I think of Marilyn. She embodies that and more!"

ORGANIZATION AWARD - First Christian Church

"A tight group of 12 individuals from First Christian Church have supported Operation Fix It for the last 10 years. They offer their time and services every month there are 5 Sundays, (Feb. June, Sept., Dec.). They have painted houses, provided landscape clean up and landscape installation. Annually, the group contributes 180 service hours, a cost savings to the City of \$4,578.00. Not only has this group supported OFI for many years, the team leaders of this group, Bob and Judy Stall work with many other non-profits in our community. Her husband Bob is a board member for Healthy Packs, volunteers at Vista Del Camino, Mighty Mud Mania and worked the Empty Bowls fundraiser. Bob also provides magic shows to low income children. 2020 PROGRAM WINNERS

INDIVIDUAL AWARD - Dana Close

Dana went on to attend city council meetings and debates where she met Virginia Korte. Dana was a founding board member of the Scottsdale Gateway Alliance which produced the first Scottsdale Home Tour. Her involvement encouraged City Council to make the McDowell Road corridor a #1 priority. Dana then started Close Community Concepts which produced the next 4 years of Scottsdale Home Tours. She wanted to change the way people talk about south Scottsdale with a focus on great things that created momentum and encouraged investment. Dana believes in involving the community and giving back so she tied the proceeds of the tour to Coronado High School JAG program and had the high school students assist with the tour. The following years Dana worked with the Scottsdale Fire Fights Charities where proceeds supported this charity. Dana was a member of the Citizens Bond Oversight Committee and 1 of 4 chairs of the 2019 Scottsdale Bond Campaign. She is a shining example of the Scottsdale spirit!"

ORGANIZATION AWARD - Parada del Sol Parade Committee

"Years ago, a small group of dedicated volunteers took over the planning and execution of the Parada del Sol Parade and Trails end celebration when the event was at a crossroads. They worked hundreds upon hundreds of hours every year to keep this wonderful tradition alive. They've recently formed a new partnership with the Charros that will hopefully lighten their load, but without them this historic parade may not still be in existence. They did it for the love of their community, the tradition, and the history, and have sought no attention or praise for their hard work. That we have "Scottsdale Spirit" to point to in modern times can be traced in large part to these fine year round volunteers and the beautiful event they produce every February rain or shine."

2021 PROGRAM WINNERS

INDIVIDUAL AWARD - Sherrie Poinsett

"Sherrie is amazing to anyone she meets. She takes in dogs off the street, helps people find lost animals, helps needy people find housing, and so much more. She had set up a giving table at her home to help needy people with food during the pandemic. There is so much more about her that she does but I am unaware of. Those are what I know her for, but she helps countless others in the community in many different ways. She communicates her help via Nextdoor to our community."

ORGANIZATION AWARD - Scottsdale Community Partners

"Scottsdale Community Partners goes a pace and beyond to assist people in need of food, supplies or emergency assistance. They help youth, families and seniors that have come across hardship and help them as much as possible. Their programs are for youth, families and seniors just in Scottsdale."

"Mildred has been volunteering at Vista del Camino food bank for over 14 years, at one time being the city volunteer with the most hours in a year! She has been a tireless volunteer and mentored many of the new volunteers. Whenever you have a question about the food bank, go to Mildred! She embodies the spirit of this Scottsdale institution. She plans to reapply for a seat on the Commission in the March 2024 and May 2024 vacancies.

It's important to note that Lauren does not receive any compensation for any of this work. She works full-time, outside of the realm of sustainability, and purely manages all of these projects in her free time. She has been listed as an Emerging Sustainability Leader by Arizona Forward. For these reasons and more, I believe she exemplifies the Spirit of Scottsdale.

Pastor Jackie Parks has been serving the South Scottsdale community for over five years. She is the pastor at South Scottsdale Presbyterian Church and a Scottsdale resident. Jackie recognized that people were experiencing homelessness in the community and decided to do something about it. With one volunteer, Jackie opened the doors to the church and started a shower ministry in 2018 and served 6-10 people per week.

Jackie has made serving the community a life mission and she does it with so much love and sincerity. Jackie works tirelessly to serve the most vulnerable in the community and in order to expand the Day Relief Center and the services that she provides, she recently established a 501C-3 non-profit organization, Community House. Community House partners with five community partners including the City of Scottsdale and provides showers, toiletries, clothing, hot meals, case management, behavioral health and physical health care and so much more. The church now serves over 70 people per week with 40 volunteers.

Jackie builds relationships with everybody who visits the church and listens to their story. Because of the care and compassion that Jackie and her volunteers provide, people who come to the Day Relief Center say that they feel welcomed and not judged. Many people who received services at the church when they were experiencing homelessness come back to volunteer when they are housed.

ALINE Architecture is a local Scottsdale company founded in 2010 by Brian Laubenthal and Brian Krob with an intentional focus on craft, collaboration, and community. For nearly 14 years, the nine-person ALINE team has blended their passion for architecture with their love of community to make a positive impact on neighborhoods in the City of Scottsdale. The company's adaptive reuse projects have helped to transform multiple Scottsdale spaces by revitalizing forgotten buildings and creating new hubs for neighborhoods. In each case, ALINE works closely with the Scottsdale Economic Development, Planning, Zoning, and Building departments to find solutions and push for innovation. A few Scottsdale projects include the Clayton House event venue, which transformed a warehouse into a true gem in the heart of Downtown Scottsdale; Fate Brewing Co, which helped revitalize the McDowell Corridor; Bourbon and Bones, an adaptive reuse of a print shop on Scottsdale Road; and the recently completed The Eleanor, a popular restaurant that has breathed new life into its South Scottsdale neighborhood. Soon, the Eleanor will be joined by a sister restaurant next door, thanks to ALINE's leadership in a project that involved moving and rebuilding the former Polynesian-style Dairy Queen building from its original location on McDowell Road, preserving an important piece of Scottsdale's history. ALINE has also designed a new restaurant space in the former Pepin location at Scottsdale Civic Center, slated to open in early 2024. Pro Bono work is a priority for ALINE, and the team is currently working with the Arizona Cancer Foundation for Children, supporting their need to create a better environment for children going through cancer treatments and their families. ALINE shares the City of Scottsdale's values of service, innovation, teamwork, diversity, integrity, and continuous learning and looks forward to continuing to reshape the Scottsdale community

while supporting its people and neighborhoods.

Community House started in 2018 because of Jackie Parks seeing and caring about unhoused people in Scottsdale. It offered showers to about 10 people and had 3 volunteers. Today over 70 people a week receive showers, food, clothing, relational connection, healthcare and social services and counseling leading to housing and jobs. This organization represents Scottsdale as a city who sees and cares about giving people dignity and hope. Many people communicate and collaborate to make this happen: Circle the City, Community Bridges and many of Scottsdale's church communities and citizens.

Jackie is still the heartbeat of Community House. She is not only in person connecting with the people they serve, but spends countless hours spreading the word to individuals and businesses, finding donors so that Community House can grow and be open more hours, reaching more people in need.

Community House represents the City of Scottsdale as a city who sees and cares and is actively working on solutions to the homeless situation.

Members of the Scottsdale's Neighborhood Advisory Commission,
On behalf of Neighbors Helping Neighbors, I am pleased to submit this nomination for the Spirit of Scottsdale Award.

Neighbors Helping Neighbors (NHN) is a nonprofit organization that has been making a difference in Scottsdale for more than 10 years. NHN is run entirely by volunteers who are passionate about helping their neighbors in need. Every dollar donated to NHN goes directly to the community, supporting programs that benefit children, veterans, and low-income families. NHN works closely with local partners to provide essential services and resources to those who have no other options.

NHN was founded in 2013 by a group of caring citizens who wanted to fill the gaps in the social safety net. Since then, NHN has given over \$500,000 and 10,000 volunteer hours to improve the lives of over 80,000 people. NHN listens to the community and responds to its changing needs with innovative and effective solutions.

Some of the programs that NHN supports are: Honor Flights, Camp Sunrise, Shop with a Cop, Mana House, St. Mary's Foodbank, Operation Fix-it, Camp Kesem, City of Scottsdale Senior Program, Help, Rebuilding America, Ronald McDonald House, Adopt-a-street, and many more. These personal stories demonstrate NHN's profound impact, and continue to inspire NHN to increase the support it provides within the community.

The Shop with a Cop program is a heartwarming initiative that brings joy to the lives of children from underprivileged or struggling families. These children are given the opportunity to spend a special day shopping for holiday gifts alongside police officers and military personnel. NHN

provides financial support to fund the shopping experiences for a significant number of children who participate in the program. NHN volunteers also attend each shopping day, where they can bag the children's purchases at checkout. It is a humbling experience that has a profound impact on NHN's members and has inspired the organization to increase its fundraising efforts to further expand the Shop with a Cop program.

Over the years, NHN has met thousands of children through the program, with two to three hundred children attending a typical Shop with a Cop event. If you were to ask an NHN member about their most memorable experience at a Shop with a Cop event, it is highly likely that they would tell you about a remarkable boy named Samual.

Samual touched the hearts of many people with his generosity and courage. He arrived at the store with a big smile on his face and bright eyes, eagerly greeting the NHN members who were part of the Shop with a Cop program. He expressed his gratitude for the opportunity to buy gifts for his family, and instead of choosing anything for himself, he carefully selected basic items and presents for his parents and siblings. Samual also shared his passion for learning and his dreams for the future, telling the volunteers that he wanted to take care of his family and achieve his goals.

As he was checking out, a stranger who had witnessed the scene was moved by Samual's kindness and spirit. The stranger decided to do something special for him and bought him a laptop as a gift, saying that he wanted to support a kid who was doing well in school and deserved a reward. He did not ask for anything in return, he simply wanted to make Samual happy.

Samual felt incredibly special and happy because he had the opportunity to participate in the Shop with a Cop program. Not only did he get to buy gifts for his family, but he also received a gift that would help him achieve his dreams. The kindness and generosity of the NHN members and the stranger who gave him the laptop made a lasting impact on Samual, and he left the store feeling grateful and inspired.

NHN and its partner, Rebuilding Together, assist seniors who have difficulty with stairs by constructing ramps for their homes. One of their beneficiaries, Mary, a former nurse who lost her vision and mobility after a series of health challenges, was confined to a wheelchair and isolated in her home for four months. Mary felt incredibly lonely and overwhelmed by the trash that had accumulated in her home. However, NHN came to her rescue by building a ramp for her and helping her clean up her environment. Mary was overjoyed and deeply grateful for NHN's kindness and compassion. Tears of joy streamed down her face as she was able to go outside for the first time using her new ramp. Her story is a powerful example of how NHN makes a difference in the lives of seniors who have fallen through the cracks.

Thank you for your time and consideration.
