Residential Masonry Wall/Fence Quality Submittal Guidelines

General Permitting Information for Walls/Fences

Stepping through the approval process: PLAN REVIEW \(\subseteq\) PERMIT \(\subseteq\) INSPECTIONS

1. PLAN REVIEW

- **Provide 3 site plans** (see example and attached minimum requirements). PLEASE NOTE THAT SITE PLANS FOR LOTS WHICH ARE NOT PREVIOUSLY GRADED BY AN APPROVED PLAN AND/OR ARE OVER 35,000 SQUARE FEET WILL REQUIRE AN ENGINEERED SITE PLAN. *Incomplete site plans will not be accepted.*
- **Provide copy of wall detail** to be used for construction. The attached 6" and 8" standard masonry wall details can be used for the construction of walls up to 6' in height. A standard detail for the 4" Masonry Wall (aka "Dooley Wall") may be obtained from the Arizona Masonry Guild at 602-265-5999.

Note: The wall height dimensions cannot exceed the detail as shown.

2. **PERMIT** Please note the following requirements for obtaining wall permits over the counter:

- Plan review fees, if required, must be paid for the same day the plans are reviewed or submitted for review. This is true whether permits are issued that day or not.
- Permits can only be signed for by property owners or licensed contractors. All other persons
 involved with the project (including but not limited to relatives, architects, designers or
 construction managers) must have a statement signed by the property owner naming who has
 permission to sign and receive documents on the owner's behalf to obtain plan reviews and
 building permits at the City of Scottsdale
- On permits not listing a licensed contractor, an owner-occupied single family residence property owner can do the work themselves or act as their own general contractor and hire subcontractors to do the work. When choosing to do the work themselves, or to act as their own general contractor, the property owner or designee (see item above) must sign the "Owner-Builder Declaration form" required by the Tax Audit Division of the City of Scottsdale. For detailed information about this form call 480-312-2400 or visit www.scottsdaleaz.gov/taxes.

3. INSPECTIONS

• An inspection card will be issued detailing the required inspections. The typical inspections are: footing, masonry grout, masonry bond beam, and final inspection. Note: actual inspections may vary depending on your project.

Additional Information:

A building permit is required for the construction of new walls/fences taller than 3 feet, including wood, wrought iron, & corral fencing. A permit is required when adding additional height to an existing wall, or repairing a damaged wall (i.e. vehicle accident).
Wall/fence height is measured from inside of enclosure from natural grade.
A courtesy site plan review is required for walls 3 feet tall, or less, to verify location is compliant with the Zoning Ordinance and does not conflict with any easements.
When proposing a new wall or footings for a wall on a shared property line, requires the written authorization of that property owner. (See attached.) The City does not get involved in property line disputes related to fence and footing locations, or fence ownership. These disputes are civil matters and must be resolved between the concerned parties.
If a wall/fence is proposed within a public utility easement, written authorization is required from each utility company at the time of plan review. (see attached)

Single Family Residential Application for Permitting

Arizona Revised Statutes Notice

§9-834. Prohibited acts by municipalities and employees; enforcement; notice

- A. A municipality shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule, ordinance or code. A general grant of authority does not constitute a basis for imposing a licensing requirement or condition unless the authority specifically authorizes the requirement or condition.
- B. Unless specifically authorized, a municipality shall avoid duplication of other laws that do not enhance regulatory clarity and shall avoid dual permitting to the maximum extent practicable.
- C. This section does not prohibit municipal flexibility to issue licenses or adopt ordinances or codes.
- D. A municipality shall not request or initiate discussions with a person about waiving that person's rights.
- E. This section may be enforced in a private civil action and relief may be awarded against a municipality. The court may award reasonable attorney fees, damages, and all fees associated with the license application to a party that prevails in an action against a municipality for a violation of this section.
- F. A municipal employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the municipality's adopted personnel policy.
- G. This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.
