Scottsdale Mayor's Youth Council invites you to learn more about Sustainability, consisting of the three pillars economic, environmental and social. Learn how you can impact your own community with these efforts!

Speaker: Dr. Scott Cloutier

Dr. Scott Cloutier is an Assistant Professor in the School of Sustainability and the Director of the Happy Lab at Arizona State University. He studies the intersection of sustainability and happiness and how the two converge/diverge. In his talk he will share insights on sustainability and its relationship to happiness. He will also provide tools and some activities as we all can use to find a deeper sense of happiness and fulfillment.
