Item 11

Biennial Certified Audit of Land Use Assumptions, Infrastructure Improvement Plans and Development Fees (July 1, 2016 – June 30, 2018)

Sharron Walker, City Auditor
Contracted Firm: Raftelis Financial Consultants, Inc.

Background

- In 2011, state legislation placed several requirements on municipalities’ development impact fees.
  (Arizona Revised Statutes §9-453.05)

- The City of Scottsdale adopts development fees for Scottsdale Water’s water and wastewater utilities following these requirements.
Background cont’d

- The state law also requires the City to either:
  1) Appoint an Infrastructure Improvements Advisory Committee (subject to additional statutory requirements)
  OR
  2) Provide for a biennial certified audit of its land use assumptions, infrastructure improvements plan and development fees.

Scottsdale Water opted for the biennial certified audit.

Background cont’d

- The audit shall be conducted by “qualified professionals”:
  - Not employees or officials of the city
  - Did not prepare the IIP
  - Defined as professional engineer, surveyor, financial analyst or planner providing services within the scope of their license, education or experience.

- Through a Request for Proposal process, my office selected Raftelis Financial Consultants, Inc. and administers the audit contract.
Background cont'd

- The City is required to post the report on its website and conduct a public hearing within 60 days.
  - Posted for Audit Committee meeting: March 8
  - Audit Committee voted unanimously (3-0) to accept the report: March 18
  - Posted to Audit Reports webpage: March 19
  - Public hearing scheduled: April 2 (25 days after initial posting)

- Raftelis will present their analysis and results for the public
Audit Parameters - ARS §9-463.05

In lieu of creating an advisory committee pursuant to paragraph 1 of this subsection, provide for a biennial certified audit of the municipality’s land use assumptions, infrastructure improvements plan and development fees. An audit pursuant to this paragraph shall be conducted by one or more qualified professionals who are not employees or officials of the municipality and who did not prepare the infrastructure improvements plan. The audit shall review the progress of the infrastructure improvements plan, including the collection and expenditures of development fees for each project in the plan, and evaluate any inequities in implementing the plan or imposing the development fee. The municipality shall post the findings of the audit on the municipality’s website or the website of an association of cities and towns if the municipality does not have a website and shall conduct a public hearing on the audit within sixty days of the release of the audit to the public.

(Emphasis added)

Definitions

• DIF: Development Impact Fee
• LUA: Land Use Assumptions
• IIP: Infrastructure Improvements Plan
• EDU: Equivalent Dwelling Unit
Audit Parameters

- Reviewing Development Impact Fee (DIF) activities for Fiscal Years (FY) 2017 and 2018 (Audit Period).
  - Only adopted for Water and Wastewater services
- ARS §9-463.05
- Relevant City documents:
  - LUA – August 20, 2013
  - IIP – December 4, 2013
  - Impact Fee Report – February 18, 2014
  - City Code Section 49, Article III
    - FY 2018 dated September 25, 2018

Audit Focus

- LUA Growth – Comparison of actual development over the Audit Period to amount forecast LUA.
- Revenues Assessed – An audit of the DIF revenues assessed and a review of developer fee credits by fee category.
- Expenditures – An audit of the expenditures or use of funds from DIFs fee category that were identified within the IIP.

Findings

- The difference between growth forecasted in the LUA and the actual growth experienced by the City should be monitored but is not an area of immediate concern. The growth in future years should be monitored as consistently forecasting higher growth than actual may lead to excess capacities and increased burdens on existing customers.

- The revenue audit has not found any material discrepancies during the Audit Period when compared to the DIFs identified in the 2013 LUA, 2013 IIP and 2014 Impact Fee Report.

- Based on the information obtained through the City’s Annual Reports, the expenditures made throughout the Audit Period were identified in the 2013 IIP.
