

# Scottsdale Family Resource Center

## Guest Guidelines

All guests who have not been vaccinated, are encouraged to wear a mask when in the center and throughout the duration of a class or activity.

All guests will be asked to wash or sanitize hands upon entering and exiting the center.

It is developmentally appropriate for children to be naturally curious and social, therefore the center staff will not enforce social distancing between children.

All tables, chairs, and materials are cleaned and disinfected by the center staff before and after each program session.

All guests are asked to sign in upon entering a class or attending an appointment. Pre-registration for activities and classes is highly recommended.

During classes or activities staff is available for families who have questions or requests regarding community resources.

If a guest or child is not feeling well, we ask that they stay home and please do not participate in programming and/or scheduled appointments.

Anyone who does not agree or feel comfortable with these guidelines is encouraged to explore available online classes and programming.

**We look forward to assisting and spending time with the families in the community!**
