Eligibility Standards Emergency Repair, Roof Repair and Replacement, and Operation Fix It Program

All programs are only available to income eligible, homeowner-occupied applicants. Assistance is provided to those applicants who meet low and moderate-income standards, mandated by The Department of Housing and Urban Development (HUD.) These guidelines are frequently updated and reflect two income categories based on family size. One is 80% of the Phoenix-Mesa-Scottsdale SMSA median income (moderate income) and the other is 50% (low income.) Eligibility for Emergency Assistance or determination of ineligibility is based on the total gross annual income for the household size in accordance with HUD's income standards. Income qualification is required, even if the applicant is certified as disabled or elderly.

In addition to meeting the income guidelines, applicants must have owned and lived in their homes as their primary residence for the preceding year immediately prior to applying and being qualified for participation in the program. Applicants must be current on Mortgage payments. Persons, who use their home as a rental property, in whole or in part, are ineligible to participate in the program.

The applicant's home must be the applicant's sole and only property unless it is of equal or less value than primary residence. Households with \$50,000 in liquid assets are not eligible for assistance. Liquid assets include but not limited to Checking and Savings Accounts, CD's, Money Market Accounts.

Housing and Community Assistance Office (HCA) will notify applicant in writing of any decision to deny assistance. The applicant will be given 10 business days to dispute the accuracy and relevance of the information. If the applicant does not request an informal review to dispute the denial within that 10-business day period, the HCA notice of denial will stand. Applicants who are denied for failure to comply with the Housing Rehabilitation Programs guidelines will not be afforded the opportunity to request an informal review. If determined ineligible, applicants may re-apply 6 months after the determination of ineligibility.

Applicants cannot be reimbursed for money that has been spent on repairs prior to receiving assistance

There are special requirements for City employees, agents, consultants, officers, or elected Official or appointed officials, or subrecipients that are receiving funds from the City. These requirements, which relate to conflicts of interest, include making public disclosure, obtaining a ruling by the City Attorney, and where applicable, submitting materials for review by HUD. In all cases where an apparent conflict of interest exists, and the anticipated use of federal funds will be required, HUD will make a finding regarding the eligibility of the applicant. Assistance shall not be granted unless approved by HUD. The conflict-of-interest process may add, at minimum, forty- five (45) days to the eligibility process.

Applicants shall acknowledge the Housing Rehabilitation Programs are not entitlement programs. The City reserves the right to delay, postpone or deny participation in any of the programs for 5 years. Determination of income eligibility shall be in accordance with the HUD income guidelines. If determined ineligible or the application is deemed incomplete, applicants may re-apply six (6) months after the determination of ineligibility.

The Programs reserve the right to seek third party verification for income, ownership and household composition. Credit reports may be requested and processed on each person whose property receives assistance.

If IRS tax liens or tax certificates are found, the applicant will automatically be disqualified for assistance, unless written satisfaction of lien is presented to the Community Assistance Office. Falsification of income and other required information requested is grounds for disqualification and may result in a \$10,000 fine and one year in prison.

3. *Receiving Assistance*

The City of Scottsdale shall complete the applicant's eligibility status within five (5) business days of the receipt of the completed application, including all required income documentation. Upon eligibility, the Housing Rehabilitation Specialist shall schedule an appointment to inspect the applicants' property to evaluate the repairs requested within five (5) business days.

Painted surfaces that will be affected as a result of the repairs and/or replacements shall be tested for lead based paint, if the home is built prior to 1978 and the area to be affected is greater than the HUD Lead Safe Housing Rule threshold. The lead-based paint inspection and/or risk assessment shall be conducted by a licensed lead consultant company. The Housing Rehabilitation Specialist shall develop a scope of work. The scope shall also include appropriate measures to address lead-based paint findings in accordance to all federal regulations. The scope of work shall be solicited for bid in accordance to the City's procurement requirement

In compliance with federal regulations, rehabilitation projects in residential buildings having 5 or more dwelling units require an asbestos inspection and /or assessment. Associated costs of abatement will be included in all rehabilitation contracts. If abatement costs exceed the program maximum, assistance may not be feasible.

The City of Scottsdale has contractors of varying trades available for emergency and roof

repairs in compliance with federal regulations and the City's procurement requirements. In the event a trade necessary for repair is unavailable on contract the following guidelines will be followed.

The homeowner and Housing Rehabilitation Specialist will evaluate the bids as submitted. Bids estimated to be over \$2,000 shall be solicited to two or more responsible contractors willing and able to compete effectively for the job. All bidding contractors must preview the work specified at the property prior to submitting a bid.

The lowest "responsive"¹, responsible contractor is awarded the project. If the low bidding contractor declines the project the contract will be offered to the next lowest bidding contractor.

Upon awarding the project to the lowest responsible contractor, a contract and notice to proceed shall be executed between the applicant and the contractor who will be performing the work. The Housing Rehabilitation Specialist shall monitor the progress and completion of work in accordance to the scope of work, the contract documents and the program guidelines. Upon completion of all work, a final inspection shall be conducted by the Agency and the homeowner shall sign a certificate of completion. Payment shall be submitted to the contractor upon final completion of work and receipt of the signed certificate of completion from the homeowner. For the Emergency Program all work shall be completed within seven (7) calendar days from date of the notice to proceed. For the Roof Program all work shall be completed within fourteen (14) calendar days from date of the notice to proceed.

¹ "Responsive" means that the contractor has met the contractor qualifications, that the bid has been submitted on time and includes all work, including addenda of the rehabilitation work.

4. General Requirements

All contractors who wish to bid on Emergency Program, Roof Program, and Operation Fix It jobs shall be: licensed with the Registrar of Contractors; be bonded and insured; and shall hold a City sales tax privilege tax license. The Programs reserves the right to exclude any contractor who has unresolved complaints with the Registrar of Contractors office, who has not performed in accordance to the Program's general conditions, bid instructions or contractor application.

All contractors are required to provide a two-year workmanship warranty on all work performed through the Program, as set forth by the Arizona Registrar of Contractors. The homeowner is responsible to contact the contractor for any warranty-related problems. If the homeowner does not feel that the contractor has lived up to warrantee obligations, their appeal is to the Arizona Registrar of Contractors and not to the City of Scottsdale.

Any changes to the scope of work shall be documented through a Change Order and shall address only those changes necessary to correct unforeseen health and safety issues affecting the immediate livability of the home. Change Orders shall be processed after the contractor submits the required documentation and has obtained both the contractor's and homeowner's signatures. The Change Order also requires the signatures of the Housing Rehabilitation Specialist and Community Assistance Manager.

Applicants receiving assistance through the Emergency and Roof Programs may also participate in the Major Housing Rehabilitation Program. Applicants who have received assistance through the Major Housing Rehabilitation Program may not receive Emergency and Roof Programs assistance to address those items repaired and/or replaced through the rehabilitation program for two years following the completion.
