WE'RE HIRING!

Did you know that Scottsdale Aquatics hires most summer staff by the end of March? Becoming a lifeguard is a fun and rewarding experience and now is the time to start thinking about starting your aquatics career. Become part of Scottsdale's incredible aquatics team and enjoy a job with flexible hours, a great team environment, and valuable experience.

Here's How:

Step 1. Get certified – Sign up for a course today!
Step 2. Complete and submit a City of Scottsdale job application
Step 3. Participate in a Skills Assessment*

*The Skills Assessment is an interview process consisting of various scenarios where the applicant must demonstrate basic competency in critical rescue skills. Application must be received by Scottsdale Human Resources prior to attending a skills assessment. Applicants will receive a phone call with the specific time and location of the skills assessment.

Go to ScottsdaleAZ.gov, search "Become a Lifeguard"

LEARN TO SWIM LESSONS

All City of Scottsdale Instructors are certified by the StarFish Aquatic Institute. The water and safety program teaches swimming and safety skills in a logical progression. It is important for the student to be registered in the proper level. Please use the age guidelines and the class descriptions to help determine the appropriate level for your child. Detailed information can be provided by the aquatic staff. Swim Lesson Assessments are also offered by the staff to help determine the child's current level. Please call if you have questions.

- **Please note: If your child's skill level is not within the advertised age range, please contact the aquatic facility to discuss age override options.**

Please Note: Classes must meet minimum enrollment levels. Classes will be cancelled one week prior to the start date if the minimum enrollment level is not met.

Waitlist Policy - *Waitlisted participants will be notified when a spot becomes available and will have 24 hours to respond. Waitlisted participants will be removed if they do not respond. Waitlists will not be managed after the 3rd class.*

WINTER SESSION DATES:

Lessons run on Saturdays for six weeks. Each class is 45 minutes in length.

Sat. Swim Lessons:	3/13-4-17	CACT / ELDA / MMRA

HOUSING & COMMUNITY ASSISTANCE

Federally and locally supported programs that improve the quality of life for low to moderate-income families and assist in the stabilization of Scottsdale neighborhoods.

Housing and Community Assistance Office administers the city's affordable housing programs and collaborates with non-profit agencies as well as other city departments to address and meet basic and critical human needs.

- **Housing Rehabilitation Programs:**
  - **Major Housing Rehabilitation Program offers an interest-free deferred loan to qualified low and moderate income homeowners to finance a contract for home repairs between a homeowner and a contractor.**
  - **Roof Repair and Replacement Program provides assistance to repair or replace deteriorated roofing systems that pose a serious threat to the health, safety or welfare of a household.**
  - **Emergency Repair Program provides assistance through a grant to address household repairs that affect the immediate livability of the home. Repairs are limited and assistance is based on priority of emergency.**
  - **Operation Fix It (OFI) program provides assistance to address code enforcement referrals and issues related to health and safety on the property. OFI works in the community with dedicated volunteers and city staff to assist Scottsdale homeowners.**

Rental Assistance Programs

Housing Choice Voucher Program - The HUD housing choice voucher program (HCV) is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments.

Veterans Affairs Supportive Housing - The HUD-Veterans Affairs Supportive Housing (HUD-VASH) program combines HUD's Housing Choice Voucher (HCV) rental assistance for homeless Veterans with case management and clinical services provided by the Department of Veterans Affairs (VA).

Foster Youth to Independence - HUD Foster Youth to Independence (FYI) vouchers are Housing Choice Vouchers designated for child welfare involved individuals. They provide dedicated rental assistance to support youth who are exiting foster care and are at risk of homelessness, or who have become homeless after having been in foster care.

Family Self Sufficiency - The HUD Family Self Sufficiency (FSS) is a program that enables HUD-assisted families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies.

WINTER IS A GREAT TIME TO ENJOY THE PRESERVE!

Scottsdale's McDowell Sonoran Preserve encompasses over 30,500 acres of permanently protected Sonoran Desert and mountains. It is home to a magnificent array of desert adapted plants and animals, and affords stunning views of the McDowell Mountains.

The Scottsdale Preserve also boasts an interconnected network of over 225 miles of trails for hiking, mountain biking and horseback riding. The trails can be accessed from one of eight major trail head facilities, and are open sunrise to sundown. Amenities vary at each trail head; visit the City's website for more details. Trail maps are available free of charge at all major trail heads, and can also be downloaded by visiting **ScottsdaleAZ.gov, search "Preserve Maps."**

The Preserve is divided into two primary regions – the Southern and Northern.

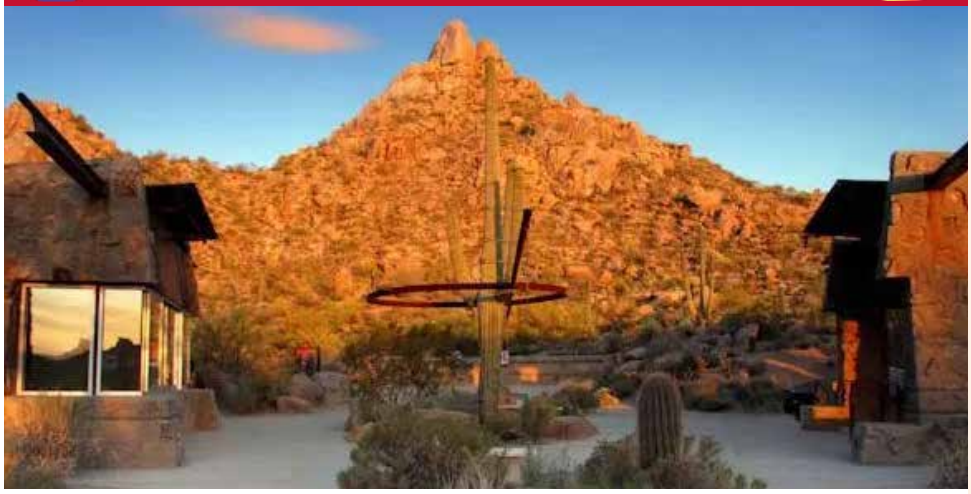

- The **Southern Region** is home to the McDowell Mountains, and contains some of the steeper and more challenging trails of the Preserve. The trails of the southern region are very rocky, so be sure to wear sturdy footwear.

  Trailheads: Sunrise, Lost Dog Wash, Gateway, and Tom's Thumb.

- The terrain of the **Northern Region** is comprised mainly of rolling desert topography, punctuated by a series of smaller mountains. The trails are much smoother than the south, with dramatically less rock. Because of these characteristics, the Northern Region is very popular with mountain bikers and equestrians.

  Trailheads: Pima Dynamite, Brown's Ranch, Fraesfield and Granite Mountain.
