**DO NOT RELY ON STORE WEBSITES, PACKAGING OR PRODUCT PICTURES FOR WATERSENSE ELIGIBILITY.
ALWAYS UTILIZE THE WATERSENSE PRODUCT SEARCH TO VERIFY YOUR PRODUCT'S ELIGIBILITY.**

Lists are periodically updated, and eligibility may change. If you are unsure, call the WaterSense helpline tool free at 866-987-7367 or email WaterConservation@ScottsdaleAZ.gov

HOW TO APPLY

- The quickest and most secure way to submit is online at [ScottsdaleAZ.gov](https://www.ScottsdaleAZ.gov), search “rebates”
 - A confirmation email is sent following an online submission. If there is no contact within 24 hours, check your spam folder, and reapply if needed.
- If this form is printed, scanned, and emailed to WaterConservation@ScottsdaleAZ.gov it is entered into the online application system, and a confirmation email is sent to the applicant.
- Alternatively, this application form may be printed, completed, and mailed to: Water Conservation Rebates, 9312 N 94th St, Scottsdale, AZ 85258.
 - When a paper application is received, it is entered into the online application system. If there was no city contact after three weeks, call 480-312-5650 to verify the application was received. Documents are not returned.
- Once approved, rebates are applied as a credit to the active water account within two billing cycles. Credits are not applied to closed utility accounts or transferred to a different account. Applicants should verify that all rebates have been approved and applied prior to closing a utility account.
- Modifications to this application must be approved in writing by **Conservation**. If you believe you received a verbal modification or an extension and you have not received written confirmation, contact Conservation. Unapproved project modifications may result in a denied rebate.

APPLICANT

- The applicant must be the current property owner. A tenant or a designated representative, such as a property manager, may act as a liaison with Conservation with written permission from the property owner.
- Owners of multiple properties may apply for a controller rebate for each property. Rebates are property specific and applied as a credit to the active water account associated with the location where the installation occurred. If the owner does not live on-site or is not listed on the active water account, it is the owner's responsibility to coordinate inspections and rebate funds with the tenant(s).

IMPORTANT INFORMATION

- Conservation will process complete applications on a first-come, first-serve basis, unless it is past the application deadline or funds are depleted.
 - Applications are complete when all required information is on an application form and documents are attached, signed, and legible.
 - Applications are incomplete if the required information or documentation is missing or illegible. A one-time notification will be sent to the applicant regarding the incomplete status.
- Conservation will use the contact information listed on the application. The applicant is responsible for notifying Conservation of contact changes and for monitoring their email, voicemail, and regular mail.
 - Add WaterConservation@ScottsdaleAZ.gov to your safe senders list.
- Applicants should keep copies of all rebate documents and correspondence as proof of activities.

REBATE ELIGIBILITY

- **Irrigation controllers purchased before the rebate program begins on July 8, 2026, are ineligible.**
- It is up to the applicant to track dates. The complete application must be submitted between July 8, 2026, and April 30, 2027. No exceptions or extensions.
- Property must receive water from Scottsdale Water.
- Limited to one per property after June 30, 2016.
- No new construction.

TAX INFORMATION & IRS FORM W-9

Applicants receiving more than \$2,000 for rebates in a calendar year must submit a **W-9** form. The W-9 must be received and dated in the same year the rebate credits are issued. An inaccurate or incomplete W-9 may result in an issued rebate being revoked. If a W-9 is required, Scottsdale will send 1099 forms to customers after December 31st each year. For more information on rebate credits, contact a tax professional.

CONTROLLER REQUIREMENTS

- **Controller must be WaterSense labeled and listed on the EPA's WaterSense [Product Search](#).**
 - Some irrigation controllers, such as Irritrol's Rain Dial R Series, require additional plug-in components to become WaterSense labeled. Check if additional components are required through EPA's product search.
- All components must be in new condition and not reconditioned/refurbished or purchased after market.

REBATE AMOUNT

- **Rebates are for the cost of the controller with associated pieces (installation, parts, tax, shipping, etc. are excluded). Cost, up to \$250 per controller.**
 - Associated pieces such as a rain sensor or outdoor enclosure are eligible costs when purchased with a new controller.
 - Ineligible items are glue, pipe, wire, etc.

SUBMITTAL REQUIREMENTS

a. Itemized receipt(s) is required and must:

- Show the purchase date on or after July 8, 2026.
- List the make and model or SKU.
- Show the cost of each item.
- If the controller, labor, and other costs are in one lump sum, obtain an itemized receipt from your vendor.
 - Altered or mis-represented receipts, photos, etc. are considered fraudulent, and the rebate will be denied.

b. Post installation photo(s) is required and must:

- Show a clear view of the controller. If the controller includes a display screen, it should be visible. If housed in an outdoor enclosure box, the enclosure must be open.
- If applicable, include a clear photo of each additional component installed as part of the system.

c. If you are not the property owner, submit written permission from the owner allowing you to act as their designated representative.
